87	Scores of residents from Hollow Glen Place and Holy Cross Hospital Employees regularly park on Dameron from Forest Glen all the way down to Belvedere. By 7am each day there is not a single space on the east side of Dameron as well as at the bottom of Sanford and Tilton. This forces families to park across the street from the pre-school and increases chances of a toddler being hit by a car during morning dropoff and pickup. It also clogs up the intersections at Tilton and Sanford with cars on both sides of the street. There needs to be something like 2-hour parking restrictions here -- but please don't make it permit parking only because then the people who need to drop off at the pre-school or at Forest	4		2018-06-0	https://www.mcreactmap.com/map/location/view/5b192883f10470000f2dc3a9

	Georgia Avenue is in desperate need of both substantive and cosmetic updates, as the area grows. First, trucks and large vehicles should be banned from the road, particularly during rush hours. Second, light posts should be replaced with solar-powered wrought iron decorative ones. Third, Islands and sidewalk grass areas need to be consistently maintained and decorated with flowers. These steps would substantially drive up the value of the adjacent neighborhoods and attract a lot of higher-end business

	<p>This ramp is the generator of traffic jams for as long as I have lived here. The crossing/merging traffic between NB Georgia Ave. to WB beltway and EB Beltway to NB Georgia IS A HORRIBLE MESS and I think is the primary cause of backups on NB Georgia.</p> <p>I think it would be better to get rid of the ramp, and send all WB traffic off the beltway at exit 31B and let the NB traffic turn left at the bottom of the ramp. Sync the left turners from beltway to Georgia. Maybe the 31B</p>

live in Forest Glen, west of Georgia, near the Metro. The LAST thing we need is for the Metro's parking lot to be redeveloped into a multi-unit apartment building. The effort to get "retail" and redevelopment at the current parking lot location has been driven by a few very loud (and newer) people (e.g., Mr. Partap Verma) in FG. The entire community has NOT been consulted on this. A few salient points:

- (1) The area is already very congested with SF housing, townhouses, and multi-unit housing (condos) on all sides of the parking lot (except for the side facing Georgia). To cram more housing in -- especially an apartment building/multi-unit high rise/garden apartments would be even worse for the community. We are bursting at the seams now, at least on the WEST side of Georgia.
- (2) While Metro's data shows that the Forest Glen station is one of the least utilized in the system (re: trips), the PARKING LOT IS ALWAYS FULL by no later than 8:00 am-8:30 am on weekdays, particularly between September and June. Clearly there is a need for parking at Forest Glen that isn't being met by the station in Downtown Silver Spring or Wheaton. Has Metro studied who actually
