Continuation of the article

Grand Opening

(or should we call it an "encore")

Carderock Springs is a hard act to follow... nearly 400 homes sold. But our newest and final section of Carderock Springs has unique planning features never before seen in Montgomery County plus a few surprises in home design and floor planning.

CLUSTER PLANNING

Carderock Springs South introduces the first Montgomery County-approved cluster planned community, with a 4½ acre park at the heart of the community. Land planning professionals have lauded cluster as the only real hope for curbing suburban sprawl. Cluster enables us to create more green space or common areas. Instead of forcing houses onto hostile lots, we were better able to site homes to the natural terrain. As with all communities by Edmund J. Bennett Associates, utility wiring is underground to eliminate overhead lines and unsightly telephone poles.

Nearly every home will back up to a wooded common. Cul-de-sacs are favored instead of thru streets for safety and peace of mind. Though there will be 45 homes in Carderock South, the use of courts, the privacy of carefully preserved trees and deep set homes create the illusion of half that many.

STEP INTO THE FUTURE

Carderock Springs offered home buyers a break with the past. Carderock South offers a forecast of future home-building techniques and innovations.

NEW CARDEROCK DESIGNS

Three new designs (fully furnished models now open) are introduced at Carderock South. They are all designed by nationally prominent architects Keyes, Leithbridge and Condon, FAIA, and include 4 and 5 bedrooms, 3 baths, fireplace, family room, balcony, patio, cedar roofs, air conditioning, garage and storage rooms as standard in most designs. Separate dining room and study are also included in some floor plans.

A PROFESSIONAL COMMUNITY

This is a well deserved tag many hang on Carderock Springs. Carderock South will be no exception. Like residents of Carderock proper, your neighbor may be a congressman, oceanographer, ITC attorney, foreign affairs specialist, diplomat, journalist or architect. A nice thing to know especially if your youngster's homework stumps you in an area you're not quite expert. It also promises stimulating rapport for wives who abhor the usual suburban fare of baby talk and daytime television.

Whether it has been our architecture or nearness to Montgomery County's best schools that attracts the more enlightened suburbanites, we don't know. We do know it makes for more interesting neighborhood parties and visits.

YOU BELONG AUTOMATICALLY

People who like to exercise their mind usually keep their figure in trim, too. Carderock Springs Tennis and Swimming Club offers Carderock South residents three guarded pools graduated by age

group and swimming skill. Ten acres of picnic area traced by a nature trail, all-weather basketball, play and tennis courts and a community center for fire-side social, arts and craft activities are other membership privileges.

Best of all, your membership is part of the bargain when you buy a new home at Carderock South. Annual dues are modest and the locker rooms are little more than a pleasant stroll from home.

INCREDIBLY CONVENIENT

How many of the communities you're now considering offer you an elementary school (only two semesters old) a short walk away, the option of three express arteries to town less than three quarters of a mile from home and a direct line to Montgomery County's best dining clubs, parks, Chevy Chase shops and the new Montgomery Mall Plaza... none more than fifteen minutes, most much closer! Take a test run this weekend while you're scouting the Bethesda-Potomac area. Exit the Beltway at number 16 west (River Road), turn left at Carderock Spring's entrance and follow the markers to Carderock South. Believe it, or not, this is the long way. Once you're here, we'll show you shortcuts that will halve your commuting time... give you more time to enjoy your family and investment.

NEW HOMES COST LESS THAN USED

Homes in Carderock Springs have consistently appreciated on an average of \$3,000 per year. Yet, due to more flexible land planning and improved building techniques, prices at Carderock South start in the low 40's.

You can purchase a Hillcrest Mark II design, for example, for only \$41,000 including four twin-sized bedrooms, 2½ baths, cedar roof, two balconies, entry foyer, recreation room, fireplace and air conditioning. Excellent financing is available at competitive rates.

LET'S TALK A TRADE

Right now is the wise time to trade up. The used home market is the best it's been in years! Chances are we can help you get more for it in trade on a new home at Carderock South. All you have to do is pick a new color scheme, forget about any nagging home repairs you've been putting off, send out a few change of address cards (which we'll supply), and move into a completely modern home.

THE OVERLOOK—MARK II

A bi-level design in which handsome balcony spans the length of the 26' by 15' living room, plus the window of one bedroom. Free circulating floor plan allows easy access to dining room, living room with cathedral ceiling, breakfast area, kitchen, two baths, and three bedrooms on the upper level. Spacious lower level design includes utility room, recreation room, entry, laundry, bedroom, bath and garage. Direct access to the kitchen from private garden patio allows easy outdoor dining and convenient patio entertaining. Floor plan gives 2,656 feet of interior space.

THE PINEVIEW—MARK II

From the terrace to the trees, an imposing two-story design, perfectly planned for outdoor-indoor living. Two balconies, two baths and four spacious bedrooms comprise the second floor. Below, the living space is ingeniously divided into entry, powder room, study, living room, separate dining room, kitchen, recreation room and garage. The ground floor is planned with giant-size utility, storage and laundry rooms. The alternate version, the Pineview—Mark III, includes a fifth bedroom, plus bath, and a finished recreation room on the lower level.

THE GLENMORE—MARK II

For warm weather entertaining, a room-length balcony provides an interesting extension to the already large 23' by 15' living room. During cooler weather, a handsome fireplace provides the focal point. Entrance hall, three bedrooms, two baths, living room, dining room, kitchen and terrace share the upper level. Garage, storage and utility rooms are located on the lower level, with fourth bedroom, bath and recreation room, for a total floor area of 2,762 square feet.

THE HILLCREST—MARK II AND MARK III

In the Mark II design, the 2-room master suite, with 2 separate private baths, may include a sitting room, nursery or child's room in addition to the master bedroom. Additional bedroom and bath are adjacent. Fireplace, bay window, and cathedral ceiling accent the living room, which leads to dining room and kitchen. Recreation and laundry-utility rooms, two bedrooms, bath and optional carport complete the 2,260 square feet of interior space. In the Mark III design, bay window and balcony create a unique front-to-back living room-dining room area. Master bedroom with private bath and second bedroom and bath complete the upper level. A lovely terrace gives entrance to the lower level garden room, recreation room, two bedrooms, bath and laundry-utility room.

COMMON LANDS

Eight acres of New Mark, in addition to that in the Village Center, have been set aside to assure that homes look out upon beauty and paths lead by intimate, park-like spots where one may sit awhile, and read, or dream.

ED BENNETT PUTS A LAKE AT YOUR DOORSTEP.

Mother Nature forgot the Washington area when she dotted the world with lakes. So Bennett built his own spring-fed lake, stocked it with trout, and surrounded it with charming, spacious townhouses. You can canoe and fish in summer. Skate in winter. Doze off in your hammock to the gentle lapping of the waves. Scarce waterfront properties appreciate rapidly. Isn't it time you took the plunge?

LAKESIDE VILLAS. 2, 3, and 4 bedroom contemporary townhouses clearly influenced by the charm of the villas on the canals of Venice. Priced from \$34,400 (club membership included). Air-conditioning, wall-to-wall carpeting are standard. Fully equipped eat-in kitchen with windows. Skylighted halls. Powder rooms on main floor. Basements. Family rooms. Community grounds and exterior house maintenance. Many models have stepdown living rooms, sliding patio doors. Close to golf, tennis, swimming, boating, ice skating, club house, schools and two parks. Rockville or Montgomery Mall shopping less than ten minutes away. 25 minutes and one stop light to downtown. FHA, VA or attractive conventional financing. Take our model homes tour. From Beltway take 70-S north to Montrose Rd. exit. Left (west) to Seven Locks Rd. North to Falls Rd. Right to Maryland Ave. and New Mark Commons. Open daily. Call 762-0607.
