THE MARYLAND-NATIONAL CAPITAL PARK AND PLANNING COMMISSIO

BICYCLE MASTER PLAN

The public is invited to five meetings across the County during September and October 2015 to learn about the details of the Bicycle Master Plan and provide feedback

The Montgomery County Planning Department, part of The Maryland-National Capital Park and Planning Commission, is inviting the community to participate in kick-off meetings during September and October 2015 to learn about the Bicycle Master Plan and how to get involved in planning a bicycle network for Montgomery County. The meetings will be held in five locations so that County residents can pick the one that is most convenient for them to attend.

The <u>Bicycle Master Plan</u> will consider the newest types of bikeways, such as separated and buffered bike lanes and bicycle boulevards, as well as secure bicycle storage facilities at transit stations. The network will be developed using an evaluation of the varying levels of stress imposed by traffic on cyclists along each roadway in the County.

The first public meeting will be held from 7 to 9 p.m. on September 8 at Paint Branch High School (14121 Old Columbia Pike, Burtonsville, MD). The second meeting will be held from 7 to 9 p.m. at the Germantown Regional Services Center (Room A, 12900 Middlebrook Road, Germantown, MD).

Three subsequent meetings will take place during September and October in Silver Spring, Wheaton and Bethesda. The different locations allow County residents to pick the one that is most convenient for them so they can more easily participate in the planning process

Each event will consist of a short presentation by County planner and project
