

BETHESDA DOWNTOWN SECTOR PLAN TRANSIT, BICYCLE & PEDESTRIAN NETWORKS

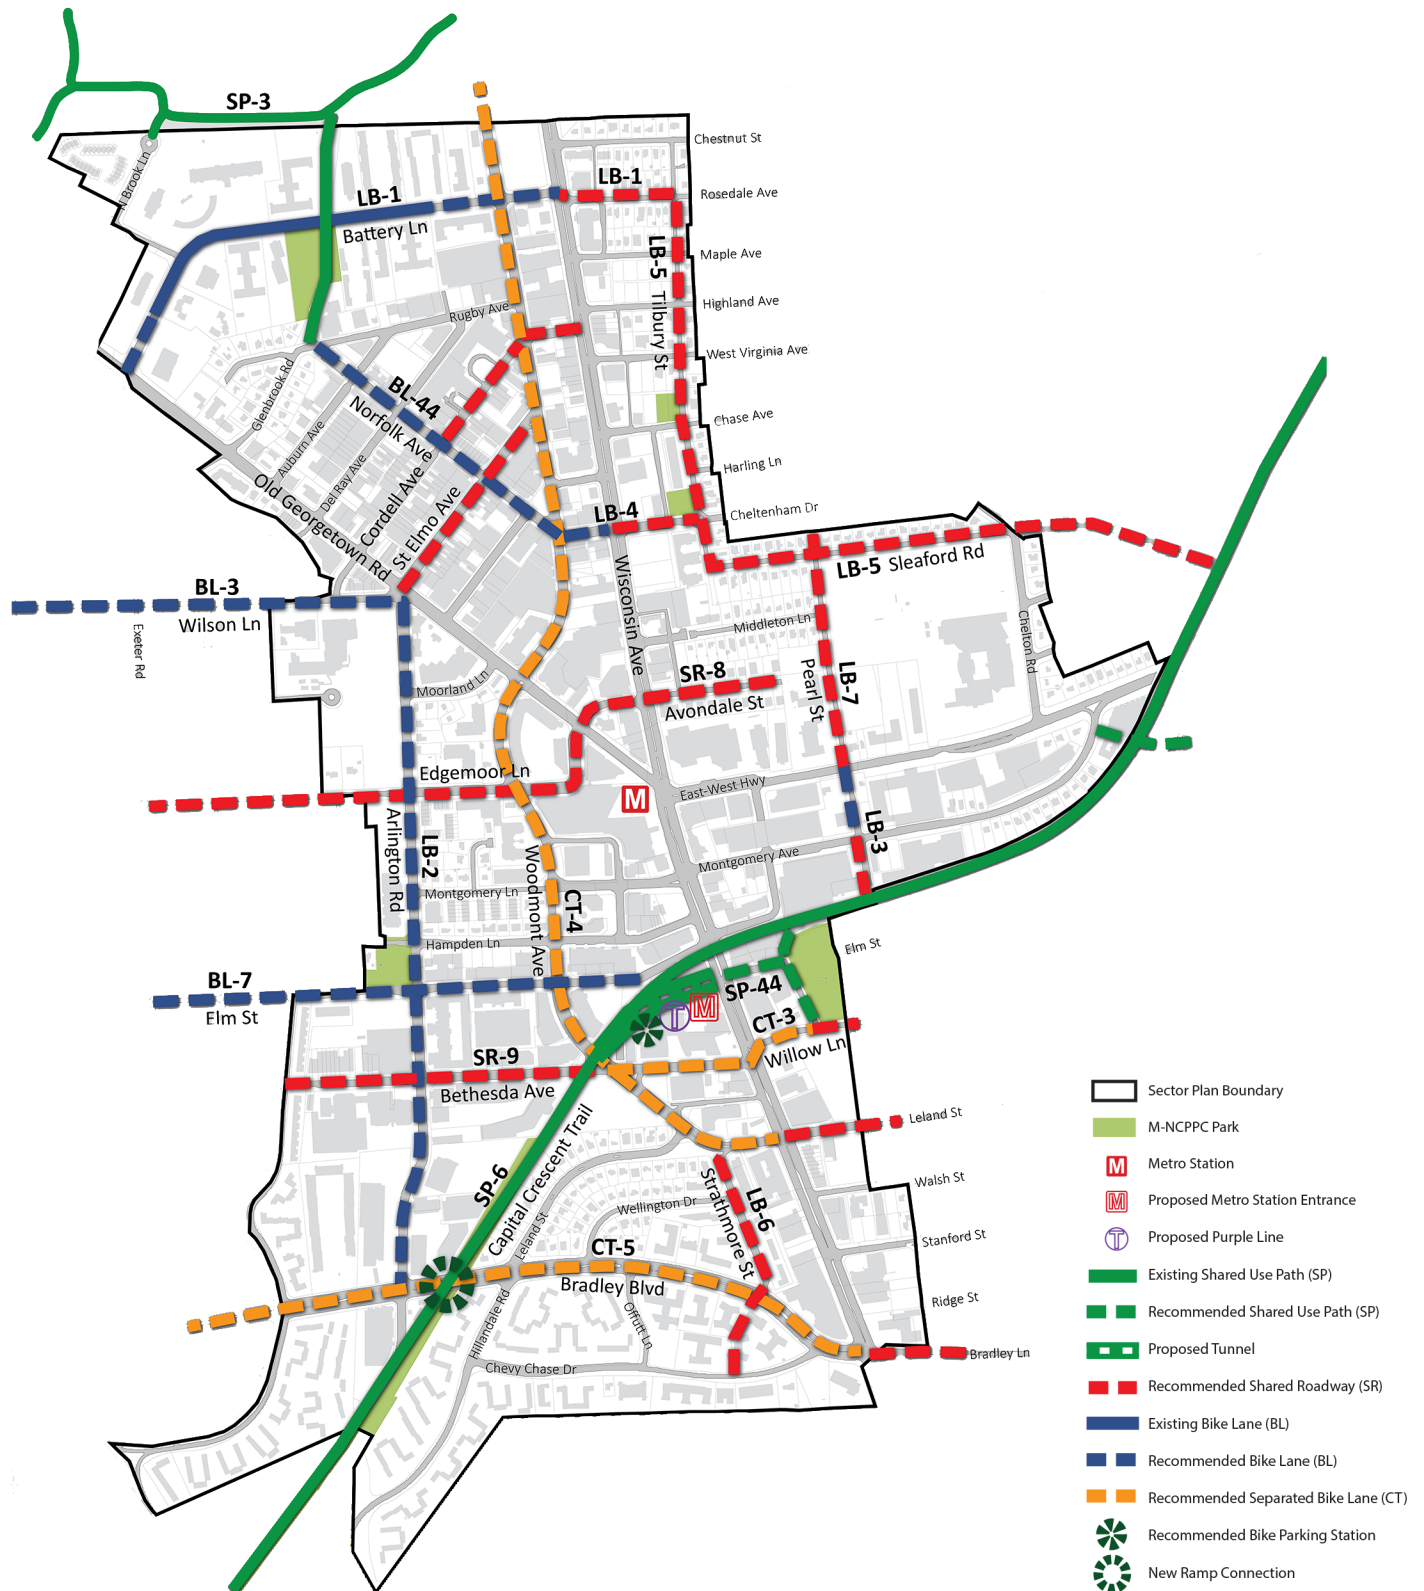

GOALS

- Enhance connectivity and accommodation of all users.
- Increase the use of non-auto driver travel, such as cycling and walking.
- Implement transit alternatives, such as expanded bus routes, bus rapid transit, light rail and bike share.
- Improve bicycle and pedestrian infrastructure.
- Improve access to a variety of quality public spaces throughout Downtown Bethesda and links to adjacent areas.
- Enhance the primary links between Bethesda's established centers of activity and major transit nodes. Anchor these links with great urban green spaces.
