Staff: Michael Kyne

Case Number: 37/03-17KK

PROPOSAL: Tree removal

STAFF RECOMMENDATION:

☑ Approve with conditions

1. The applicant will adhere to the terms of the City’s tree replacement agreement, as outlined on Circle 7.

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource within the Takoma Park Historic District
STYLE: Bungalow
DATE: c, 1910s

PROPOSAL:
The applicant is proposing to remove one (1) 17” dbh Norway spruce tree from the front/left side of the subject property.

APPLICABLE GUIDELINES:

Montgomery County Code; Chapter 24A-8

(a) The commission shall instruct the director to deny a permit if it finds, based on the evidence and information presented to or before the commission that the alteration for which the permit is sought would be inappropriate, inconsistent with or detrimental to the preservation, enhancement or ultimate protection of the historic site or historic resource within an historic district, and to the purposes of this chapter.

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:
(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(3) The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

(4) The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

(5) The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

(6) In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

d) In the case of an application for work on an historic site or historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

STAFF RECOMMENDATION:

Staff recommends that the Commission approve with conditions the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), (1), (2) & (d) having found that the proposal is consistent with the Takoma Park Historic District Guidelines, and therefore will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior's Standards for Rehabilitation;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or michael.kyne@mncppc-mc.org to schedule a follow-up site visit.

THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT
   a. Description of existing structure(s) and environmental setting, including their historical features and significance:
      Remove dying Norwegian Spruce Tree standing on the south side of a bungalow style house when viewed from the street.
      The house is located in Takoma Park's Historic District.

   b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:
      Remove a dying tree before it falls and hits a person or someone's home. Per Washington Parks and Recreation's Tree Policy, we will plant two replacement trees to mitigate the environmental impact. See attached tree survey permit from City of Takoma Park to remove tree.

2. SITE PLAN
   Size and environmental setting, drawn to scale. You may use your plat. Your site plan must include:
   a. the scale, north arrow, and date;
   b. dimensions of all existing and proposed structures; and
   c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS
   You must submit 2 copies of plans and elevations in a format no larger than 11" x 17". Plans on 8 1/2 x 11" paper are preferred.
   a. Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
   b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS
   General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS
   a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.
   b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY
   If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFOUNING PROPERTY OWNERS
   For all projects, provide an accurate list of adjacent and confounding property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/property line from the parcel in question.

PLEASE PRINT IN BLUE OR BLACK INK OR TYPE THIS INFORMATION ON THE FOLLOWING PAGE.
PLEASE STAY WITHIN THE GUIDES OF THE TEMPLATE, AS THIS WILL BE PHOTOCOPIED DIRECTLY ONTO MAILING LABELS.

Re: Same

Dear Lyndon & Marjorie Wilkes,

The City of Takoma Park has granted preliminary permit approval for you to remove the 17” d.b.h. Norway Spruce tree from the left front of your property.

Preliminary approval means that the City will post your property for a 15 day period beginning 04/04/17 and ending 04/19/17 for public comment. Given the damage to the root plate of both trees you will be granted a removal permit upon meeting the following requirements. **You will be granted a permit to remove the tree(s) pending the City’s receipt of your signed agreement to adhere to the City’s tree replacement requirements, AND a HISTORIC AREA WORK PERMIT.** The replacement agreement is enclosed, the terms of which require you to replant TWO 1 ½ inch caliper category 3 evergreen tree(s), or make a contribution of $350.00 to the City’s tree fund.

Please contact me at 301-891-7612 if you have any questions.

Sincerely,

Re: Same

Dear Lyndon & Marjorie Wilkes,

In order to receive a permit to remove an urban forest tree within the City of Takoma Park you must agree to replant or contribute an equivalent amount to the City's Tree Fund as per Section 12.12.100 of the City Code. Replacement trees shall be nursery stock trees with a minimum size of 1 1/2 inches in caliper for deciduous trees, or 10 feet in height for evergreen trees and guaranteed for one (1) year. You are required to provide the City with the species and location(s) where you wish to plant the tree(s), as approval is necessary prior to planting. Tree(s) must be planted within six (6) months of the date this agreement is signed. The City will conduct a site visit to confirm the planting.

Where it is not feasible or desirable to replace trees on site, the replacement requirement may be satisfied by planting trees at another location within the City or by a contribution equivalent to the installed market value of the required replacement trees to the City's tree planting fund.

The tree replacement requirements based on the City of Takoma Park Tree Ordinance are stated below:

TWO of 1 1/2 inch caliper trees:  
Category  
Signature  
Date

OR

one tree to be planted in our yard  
Signature  
Date

Tree Fund Payment of: $350.00  
(Make check payable to City of Takoma Park and return with this letter.)

If no appeals are filed in opposition to your permit request, the permit will be issued after completion of the 15-day posting period and receipt of this signed tree planting agreement or payment of replacement tree cost. Payment must be made by check to the City of Takoma Park, and submitted to the Public Works Department, 31 Oswego Avenue, Silver Spring, MD 20910.

Sincerely,

Ian Chamberlain
