MONTGOMERY COUNTY HISTORIC PRESERVATION COMMISSION
STAFF REPORT

Address: 226 Park Ave., Takoma Park

Resource: Non-Contributing Resource
Takoma Park Historic District

Applicant: Ken Firestone

Review: HAWP

Case Number: 37/03-17GG

PROPOSAL: Hardscape alterations

STAFF RECOMMENDATION

Staff recommends that the HPC approve the HAWP application.

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Non-Contributing Resource within the Takoma Park Historic District
STYLE: Cottage
DATE: c. 1920-30

PROPOSAL

The applicant proposes hardscape alterations at the subject property.

APPLICABLE GUIDELINES

When reviewing alterations and new construction within the Takoma Park Historic District several documents are to be utilized as guidelines to assist the Commission in developing their decision. These documents include the historic preservation review guidelines in the approved and adopted amendment for the Takoma Park Historic District (Guidelines), Montgomery County Code Chapter 24A (Chapter 24A), and the Secretary of the Interior's Standard's for Rehabilitation (Standards). The pertinent information in these documents is outlined below.

Takoma Park Historic District Guidelines

There are two very general, broad planning and design concepts which apply to all categories. These are:

- The design review emphasis will be restricted to changes that are all visible from the public right-of-way, irrespective of landscaping or vegetation (it is expected that the majority of new additions will be reviewed for their impact on the overall district), and

- The importance of assuring that additions and other changes to existing structures act to reinforce and continue existing streetscape, landscape, and building patterns rather than to impair the character of the historic district.
The Guidelines contain the following statements pertaining to Non-Contributing/Out-of-Period Resources:

- Non-Contributing/Out-of-Period Resources are either buildings that are of little or no architectural and historical significance to the historic district or are newer buildings that have been constructed outside of the district's primary periods of historical importance. These types of resources should receive the most lenient level of design review.

- Most alterations and additions to Non-Contributing/Out-of-Period Resources should be approved as a matter of course. The only exceptions would be major additions and alterations to the scale and massing of Non-Contributing/Out-of-Period Resources which affect the surrounding streetscape and/or landscape and could impair the character of the historic district as a whole.

*Secretary of Interior's Standards for Rehabilitation*

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” Standards 2, 9, and 10 most directly apply to the application before the commission:

#2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

*Montgomery County Code; Chapter 24A-8*

(a) The commission shall instruct the director to deny a permit if it finds, based on the evidence and information presented to or before the commission that the alteration for which the permit is sought would be inappropriate, inconsistent with or detrimental to the preservation, enhancement or ultimate protection of the historic site or historic resource within an historic district, and to the purposes of this chapter.

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

1. The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or
(5) The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

(6) In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

(c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

STAFF DISCUSSION

The subject property is a Non-Contributing, c. 1920-30, Cottage-style house on the corner on Park Avenue and Spruce Avenue in the Takoma Park Historic District. The adjacent and confronting properties are mostly Contributing Resources, with one confronting Outstanding Resource (227 Park Avenue).

The applicant proposes the following hardscape alterations at the subject property:

**Front**
- Replace the existing concrete walkway with flagstone from the sidewalk to the front porch.
- Replace the existing brick and river rock planting bed borders with thin flagstone borders.
- Install flagstone stepping stones from the front walkway to the side left side of the property.

**Left Side**
- Replace the existing round concrete stepping stones with flagstone stepping stones.
- Install two terraced flagstone steps to compensate for grade changes.

**Rear**
- Remove round concrete stepping stone from the left side/rear.
- Remove the existing concrete walkways and replace them with pea gravel paths.
- Remove 1' high elevated planting area.
- Install a flagstone veneer on the existing patio and steps.
- Install flagstone step at the rear of the existing patio.
- Replace the existing wooden screen door with an aluminum combination storm/screen door to match others on the house.

**Right Side**
- Reinforce the existing retaining wall at the right side of the property by installing a terraced retaining wall.
The proposed flagstones for the front walkway and planting bed borders will be formally cut/installed and set in dust with minimal spacing. The flagstone stepping stones in the front yard, at the left side, and in the rear will be spaced further apart, while the flagstone on the rear patio and terraced steps will be installed on concrete.

In accordance with the Guidelines, Non-Contributing Resources “... should receive the most lenient level of design review,” and “Most alterations and additions to Non-Contributing/Out-of-Period Resources should be approved as a matter of course. The only exceptions would be major additions and alterations to the scale and massing of Non-Contributing/Out-of-Period Resources which affect the surrounding streetscape and/or landscape and could impair the character of the historic district as a whole.”

While the proposed hardscape alterations will not affect the scale and massing of the subject property, the hardscape alterations at the front of the property will be readily visible from the public right-of-way and have the potential to create a visual impact on the surrounding historic district. Generally, the Commission requires hardscaping alterations within the Takoma Park Historic District to be minimal, with park-like informal patterns and design.

The applicant has provided examples of multiple Contributing Resources on Park Avenue, which have formally cut/installed flagstone front walkways (see Circles 27-31). Of the provided examples, staff has determined that one property (241 Park Avenue) received HPC approval for numerous hardscape alterations, including the installation of a formally cut/installed flagstone front walkway, in September 2014.

Because the proposed hardscape alterations are consistent with existing hardscaping in the immediate vicinity, staff finds that, in accordance with the Guidelines, they are unlikely to affect the surrounding streetscape or impair the character of the historic district. Staff supports the applicant’s proposal and recommends that the Commission approve the application as submitted.

After full and fair consideration of the applicant’s submission staff finds the proposal as being consistent with the Criteria for Issuance in Chapter 24A-(b) 1 and 2, having found the proposal is consistent with the Secretary of the Interior’s Standards for Rehabilitation, and Takoma Park Historic District Guidelines outlined above.

**STAFF RECOMMENDATION**

Staff recommends that the Commission **approve** the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), having found that the proposal is consistent with the **Takoma Park Historic District Guidelines** identified above, and therefore will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation;

and with the general condition that the applicant shall present the **3 permit sets of drawings, if applicable to Historic Preservation Commission (HPC) staff for review and stamping** prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make **any alterations** to the approved plans. Once the work is completed the applicant will
contact the staff person assigned to this application at 301-563-3400 or michael.kyne@montgomeryplanning.org to schedule a follow-up site visit.
APPLICATION FOR
HISTORIC AREA WORK PERMIT

Contact Email: ken@firestone.net
Contact Person: KEN FIRESTONE
Daytime Phone No.: 301-467-5038

Tax Account No.: 

Name of Property Owner: KEN FIRESTONE

PART ONE: TYPE OF PERMIT ACTION AND USE
14. CHECK ALL APPLICABLE:
☐ Construct ☐ Extend ☐ Alter/Remodel ☐ AC ☐ Slab ☐ Room Addition ☐ Porch ☐ Deck ☐ Shed
☐ Move ☐ Install ☐ Wreck/Ex癌 ☐ Solar ☐ Fireplace ☐ Woodburning Stove ☐ Single Family
☐ Revision ☐ Repair ☐ Revocable ☐ Fence/Wall (complete Section 4) ☐ Other: HARDSCAPING

15. Construction cost estimate: $ 

16. If this is a revision of a previously approved active permit, see Permit #: 

PART TWO: COMPLETE FOR NEW CONSTRUCTION AND EXTEND/ADDITIONS
2A. Type of sewage disposal: 01 ☐ WSSC 02 ☐ Septic 03 ☐ Other: 

2B. Type of water supply: 01 ☐ WSSC 02 ☐ Well 03 ☐ Other: 

PART THREE: COMPLETE ONLY FOR FENCE/RETAINING WALL
3A. Height: feet inches 

3B. Indicate whether the fence or retaining wall is to be constructed on one of the following locations:
☐ On party line/property line ☐ Entirely on land of owner ☐ On public right of way/assistance

I hereby certify that I have the authority to make the foregoing application, that the application is correct, and that the construction will comply with plans approved by all agencies stated and I hereby acknowledge and accept this to be a condition for the issuance of this permit.

Application/Permit No.: ____________________________ Date Filed: ____________________________ Date Issued: ____________________________

Ed 5/21/99
THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT
   a. Description of existing structure(s) and environmental setting, including their historical features and significance:

   [Blank line]
   [Blank line]
   [Blank line]
   SEE ATTACHED

   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]

   b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

   [Blank line]
   [Blank line]
   [Blank line]
   SEE ATTACHED

   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]
   [Blank line]

   2. SITE PLAN
   Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:
   a. the scale, north arrow, and date;
   b. dimensions of all existing and proposed structures; and
   c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

   3. PLANS AND ELEVATIONS
   You must submit 2 copies of plans and elevations in a format no larger than 11" x 17". Plans on 8 1/2" x 11" paper are preferred.
   a. Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.
   b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context.
   All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

   4. MATERIALS SPECIFICATIONS
   General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

   5. PHOTOGRAPHS
   a. Clearly labeled photographic prints of each facade of existing resources, including details of the affected portions. All labels should be placed on the front of photographs.
   b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

   6. TREE SURVEY
   If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

   7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS
   For ALL projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question.

PLEASE PRINT IN BLUE OR BLACK INK OR TYPE THIS INFORMATION ON THE FOLLOWING PAGE.
PLEASE STAY WITHIN THE GUIDES OF THE TEMPLATE, AS THIS WILL BE PHOTOCOPIED DIRECTLY ONTO MAILING LABELS.
1. Written description of project

   a. Description of existing structure and environmental setting, including their historical features and significance:

      The house is a 1938 brick cottage style noncontributiong resource on a 6000 sq ft lot at the corner of Park and Spruce. There are no historic features on the building or the property.

   b. General description of project and its effect on the historic resources, the environmental setting, and, where applicable the historic district:

      Replace failing concrete walkway from sidewalk to front porch with flagstone
      Replace brick and river rock planting bed borders with thin flagstone border
      Install flagstone stepping stones from front walkway to side of property
      Replace existing round concrete stepping stones with flagstone stepping stones
      Add two terraced steps to side stepping stones to compensate for grade
      Remove round concrete stepping stones along southern portion of rear edge of building
      Remove one cinder block high wall and regrade area
      Remove concrete walkways at rear of property and replace with pea gravel pathway
      Remove one foot high elevated planting area
      Cover existing patio and steps with flagstone
      Install flagstone step along north rear of building
      Reinforce existing retaining wall at north front of building with terraced area
      Replace existing wooden screen door with aluminum combination storm/screen door to match other existing aluminum combination storm/screen doors on building. Applicant will submit final specifications to staff for approval.

      Flagstone and pea gravel are used on other contributing and outstanding resources in the neighborhood. There should be no adverse effect on the environmental setting and historic district.

6. Tree survey

   Applicant will obtain a tree protection plan from city arborist and submit it to staff before work begins.
Surveyor's Certification

I hereby certify that the survey shown hereon is correct to the best of my knowledge and that, unless noted otherwise, it has been prepared utilizing description of record. This survey is not a boundary survey and the location or existence of property corners is neither guaranteed nor implied. Fence lines, if shown, are approximate in location. This property does not lie within a 100-year flood plain according to FEMA Insurance maps as interpreted by the originator unless otherwise shown hereon. Building restriction lines shown are as per available information and are subject to the interpretation of the originator.
