Case Number: 37/03-1700

PROPOSAL: Tree removal

-----------------------------------------------------------------------------------------

STAFF RECOMMENDATION:

☐ Approve
☑ Approve with conditions

1. The applicant will adhere to the terms of the City’s tree replacement agreement, as outlined
   on Circle [ ] [ ] [ ] .

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource within the Takoma Park Historic District
STYLE: Bungalow-Spanish Colonial
DATE: c, 1910s

PROPOSAL:

The applicant is proposing to remove one (1) 11” dbh red mulberry tree from the front/right side of the
subject property and one (1) 8” dbh Norway maple tree from the rear/left side of the subject property. The
removal of the 26” dbh silver maple tree at the rear/right side of the subject property is not included in
this proposal, because the applicant is no longer proposing to remove the tree.

APPLICABLE GUIDELINES:

Montgomery County Code; Chapter 24A-8

(a) The commission shall instruct the director to deny a permit if it finds, based on the evidence and
information presented to or before the commission that the alteration for which the permit is
sought would be inappropriate, inconsistent with or detrimental to the preservation, enhancement
or ultimate protection of the historic site or historic resource within an historic district, and to the
purposes of this chapter.
(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(3) The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

(4) The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

(5) The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

(6) In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

(c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

**STAFF RECOMMENDATION:**

Staff recommends that the Commission **approve with conditions** the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), (1), (2) & (d) having found that the proposal is consistent with the Takoma Park Historic District Guidelines, and therefore will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or michael.kyne@mncppc-mc.org to schedule a follow-up site visit.
APPLICATION FOR HISTORIC AREA WORK PERMIT

SEE REVERSE SIDE FOR INSTRUCTIONS
THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT
   a. Description of existing structure(s) and environmental setting, including their historical features and significance:

   In a residential neighborhood on a street with 1920 bungalows, we want to remove 2 trees. One is a mulberry near our driveway that is starting to decompose on the opposite side of your lot. It is an invasive species.

   b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

      There are many other mature trees on our property and the effect of this removal will be to improve the landscaping and reduce negative aspects of the existing trees as they have overgrown agreements with Takoma Park.

2. SITE PLAN

   Site and environmental setting, drawn to scale. You may use your lot plan. Your site plan must include:

   a. the scale, north arrow, and date;
   b. dimensions of all existing and proposed structures;
   c. site features such as walkways, driveways, fencerows, ponds, streams, trash containers, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS

   You must submit 2 copies of plans and elevations in a format no larger than 11" x 17". Plans on 8 1/2" x 11" paper are preferred.

   a. Schematic reconstruction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing resource(s) and the proposed work.

   b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and finishes proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS

   General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS

   a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.

   b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREES SURVEY

   If you are proposing construction adjacent to or within the drip line of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS

   For ALL projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question.

PLEASE PRINT IN BLUE OR BLACK INK OR TYPE THIS INFORMATION ON THE FOLLOWING PAGE.
PLEASE STAY WITHIN THE GUIDES OF THE TEMPLATE, AS THIS WILL BE PHOTOCOPIED DIRECTLY INTO MAILING LABELS.

Re: HPC Permit for tree removal

Dear Sir:

As per our conversation on Friday, I am emailing to you scanned copies of a historic area work permit and photos of the trees that we would like to remove (the red mulberry and the Norwegian Maple). Also enclosed is a letter from the City of Takoma Park indicating that we can remove the two trees, subject to our agreement to replant three trees, and a signed copy of our replanting agreement with my cover letter to the Ian Chamberlain at the City’s Public Works Department. We have already completed the public comment period and there were no comments. I think that the City may need to issue the final permit after they receive this agreement.

You already authorized us to remove another tree, the dead magnolia, by letter of March 9, 2017.

Please let me know if you need any other materials or information from us, apart from the final permit from Takoma Park. We have arranged for a tree removal company to come in the second half of June so I hope to complete our application by the May 24, 2017 deadline.

Best Regards,

Nancy Flickinger

Re: Tree Replacement Agreement

Dear Mr. Chamberlain:

Attached please find the signed tree replacement agreement. We are not removing the large Silver Maple since every arborist to look at it thinks it still has at least a few years of useful life. We do intend to remove the Norwegian Maple (1 replant) and Red Mulberry near the driveway (2 replants) for a total of three replants. I just marked the change on the attached agreement.

I also am applying for the Historic Area Work Permit for these two trees. The deadline to submit applications for the next HPC meeting is May 24, 2017. If you are able to notify them before then that our tree removal application is complete, that would be greatly appreciated.

Best regards,

Nancy Flickinger

Nancy Flickinger and Jim Witkin
7127 Willow Avenue
Takoma Park, MD 20912

Re: Same

Dear Nancy Flickinger and Jim Witkin,

The City of Takoma Park has granted preliminary permit approval for you to remove the 11” d.b.h. Red Mulberry tree (2 replants) from the right front, the 26” d.b.h. Silver Maple tree (3 replants) from the right rear, and the 8” d.b.h. Norway Maple tree (1 replant) from the left rear of your property.

Preliminary approval means that the City will post your property for a 15 day period beginning 02/28/17 and ending 03/15/17 for public comment. Given the damage to the root plate of both trees you will be granted a removal permit upon meeting the following requirements. You will be granted a permit to remove the tree(s) pending the City’s receipt of your signed agreement to adhere to the City’s tree replacement requirements, AND a HISTORIC AREA WORK PERMIT. The replacement agreement is enclosed, the terms of which require you to replant SIX 1 ½ inch caliper category 4 tree(s), or make a contribution of $1,050.00 to the City’s tree fund.

Please contact me at 301-891-7612 if you have any questions.

Sincerely,

[Signature]

Ian Chamberlain
City Construction Manager

Enclosure
March 7, 2017

Nancy Flickinger and Jim Witkin  
7127 Willow Avenue  
Takoma Park, MD 20912

Dear Nancy Flickinger and Jim Witkin,

In order to receive a permit to remove an urban forest tree within the City of Takoma Park you must agree to replant or contribute an equivalent amount to the City's Tree Fund as per Section 12.12.100 of the City Code. Replacement trees shall be nursery stock trees with a minimum size of 1 1/2 inches in caliper for deciduous trees, or 10 feet in height for evergreen trees and guaranteed for one (1) year. You are required to provide the City with the species and location(s) where you wish to plant the tree(s), as approval is necessary prior to planting. **Tree(s) must be planted within six (6) months of the date this agreement is signed.** The City will conduct a site visit to confirm the planting.

Where it is not feasible or desirable to replace trees on site, the replacement requirement may be satisfied by planting trees at another location within the City or by a contribution equivalent to the installed market value of the required replacement trees to the City's tree planting fund.

The tree replacement requirements based on the City of Takoma Park Tree Ordinance are stated below:

Three  
Six of 1 1/2 inch caliper trees:  
Category 4

\[\text{Nancy Flickinger} \quad \text{Signature} \quad 5/15/2017 \]

OR

Tree Fund Payment of: $1,050.00  
(Make check payable to City of Takoma Park and return with this letter.)

If no appeals are filed in opposition to your permit request, the permit will be issued after completion of the 15-day posting period and receipt of this signed tree planting agreement or payment of replacement tree cost. Payment must be made by check to the City of Takoma Park, and submitted to the Public Works Department, 31 Oswego Avenue, Silver Spring, MD 20910.

Sincerely,

Ian Chamberlain
