EXPEDITED
HISTORIC PRESERVATION COMMISSION STAFF REPORT

Address: 10 Montgomery Ave., Takoma Park  Meeting Date: 12/06/17
Resource: Non-Contributing Resource  Report Date: 11/29/17
Takoma Park Historic District
Review: HAWP  Public Notice: 11/22/17
Case Number: 37/03-17CCCC  Tax Credit: n/a
Applicant: Philip Schuler & Rachel Schmidt  Staff: Dan Bruechert
Proposal: Tree Removal

STAFF RECOMMENDATION:

Staff recommends that the HPC approve the HAWP application.

PROJECT DESCRIPTION

SIGNIFICANCE: Contributing Resource to the Takoma Park Historic District
STYLE: Foursquare/Colonial Revival
DATE: c.1905-20

The subject property is an American Foursquare, two bays wide, with a pyramidal roof and a hipped front dormer. The front yard is raised several feet and has a 12” Green Ash tree on the right side of the front yard. The tree shows significant signs of some type of infestation (the applicant indicates that it is infested with Emerald Ash Borer, but that was not accompanied by an arborist report). Staff feels that the removal of this tree along with the remediation required by the City, specifically that the applicant pay into the City Tree Fund or plant a 1 ½” d.b.h. Category 3 tree will not have a significant impact on the character of the surrounding district. Additionally, if this tree is in fact infested with Ash Borer, its removal could be approved administratively to hasten its removal to further prevent the spread of the disease.

STAFF RECOMMENDATION:

_x_ Approval
_____ Approval with conditions.

Approval is based on the following criteria from Chapter 24A of the Montgomery County Code, Section 8(b): The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

_x_ 1. The proposal will not substantially alter the exterior features of an historic site, or historic resource within an historic district; or
2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site, or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site, or historic resource located within an historic district, in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located, or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

6. In balancing the interests of the public in preserving the historic site, or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

SEE REVERSE SIDE FOR INSTRUCTIONS
1. Written description of project

a. Description of existing structure(s) and environmental setting, including their historical features and significance.

The house at 10 Montgomery Ave. is a two-story, single-family home, built in 1913 in the American Four-Square style. The house is located in the B.F. Gilbert's Addition to the City Takoma Park, which was platted in 1886. Most houses in the neighborhood were constructed in the first half of the 20th century.

b. General description of project and its effect on the historical resource(s), the environmental setting, and, where applicable, the historic district.

We propose to remove a 12'' diameter Green Ash tree, which is dying from an infestation of Emerald Ash Borer, despite corrective treatment applied by a licensed arborist. We will replace this tree with one that meets the replacement requirements of the City of Takoma Park. The tree is located on the right side of the front yard of the house.

No structures or construction will be modified. Apart from replacing the tree, we will make no changes to the landscaping. The project will have no effect on historic resources.

2. Site plan: See attached

3. Plans and elevations: Not applicable (no work in relation to existing construction will be undertaken).

4. Materials specifications: Not applicable (no work in relation to existing construction will be undertaken).

5: Photographs: See attached

6: Tree survey: No construction adjacent to trees will be undertaken. The tree to be removed is indicated on the site plan.

Re: Same

Dear Rachel Schmidt / Philip Schuler,

The City of Takoma Park has granted preliminary permit approval for you to remove the 12" d.b.h. Ash tree from the front of your property.

Preliminary approval means that the City will post your property for a 15 day period beginning 10/25/17 and ending 11/09/17 for public comment. **You will be granted a permit to remove the tree(s) pending the City’s receipt of your signed agreement to adhere to the City’s tree replacement requirements.** Additionally, since your property is located within the Historic District, you are required to receive a **HISTORIC AREA WORK PERMIT.** To apply for a HAWP, contact Montgomery County Department of Permitting Services at 240-777-3400 or online at:

Please submit both the signed replanting agreement and a copy of your HAWP to Takoma Park Public Works, in order to be issued a tree removal permit.

The replacement agreement is enclosed, the terms of which require you to replant ONE 1 ½ inch caliper category 3 deciduous tree(s), or make a contribution of $175.00 to the City’s tree fund.

Please contact me at 301-891-7612 if you have any questions.

Sincerely,

Jan van Zutphen
Urban Forest Manager

Attention: Montgomery County Historic Preservation Commission  

November 5, 2017  

Dear Members of the Historic Preservation Commission:  

Please find attached an application for a Historic Area Work Permit to remove a 12" diameter Green Ash tree from the front yard of our home at 10 Montgomery Avenue in Takoma Park. The tree is dying from an infestation of Emerald Ash borer. We intend to replace it with a tree that meets the tree replacement requirements of the City of Takoma Park. Replacing the tree will involve no changes to any structures or construction.  

We look forward to hearing from you about the status of the application.  

With best regards,  

Philip Schuler and Rachel Schmidt
