MONTGOMERY COUNTY HISTORIC PRESERVATION COMMISSION
STAFF REPORT

Address: 4807 Dorset Ave., Chevy Chase
Meeting Date: 10/24/2018

Resource: Contributing Resource, (Secondary/Post-1915) (Somerset Historic District)
Report Date: 10/17/2018

Public Notice: 10/10/2018

Applicant: Maya Weil
(Adam Greene, Agent)
Tax Credit: No

Review: HAWP
Staff: Michael Kyne

Case Number: 35/36-18J

PROPOSAL: Pedestrian access construction

STAFF RECOMMENDATION

Staff recommends that the HPC approve the HAWP application.

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource within the Somerset District, (Secondary/Post-1915)
STYLE: Eclectic-Craftsman
DATE: c. 1918

The subject property is a c. 1918 Contributing Resource within the Somerset Historic District. The historic house was originally constructed as a “Siberian cedar log home,” and, while it has experienced additions and alterations throughout the years, it retains a high level of integrity and an eclectic architectural vocabulary that contributes to the significance of the Somerset Historic District. The front elevation of the house faces Dorset Avenue, which is more than 200’ from the house, with two side-by-side platted lots between the house and Dorset Avenue. The house is currently accessed via a long, shared driveway off of Surrey Street. According to the 1927 Sanborn Fire Insurance Map (see image in Staff Discussion), the subject property has always had a Dorset Avenue address.
BACKGROUND

The applicant previously appeared before the Commission for preliminary consultations at the May 23, 2018 and August 15, 2018 HPC meetings. At the second preliminary consultation (August 15, 2018), the Commission found that the applicants had made significant progress in addressing their previous concerns, but still expressed concerns regarding the following:

- The proposed pedestrian access needs to be smaller.
- The proposed pedestrian access and pivoting gate need to be simplified.
- The proposed walkway from the pedestrian access to the house should be shown for context.

PROPOSAL

The applicant proposes the following work items at the subject property:

- Construction of a pedestrian access with corten steel and stone entry walls adjacent to the public sidewalk at Dorset Avenue.

APPLICABLE GUIDELINES

When reviewing alterations and new construction within the Somerset Historic District several documents are to be utilized as guidelines to assist the Commission in developing their decision. These documents include Montgomery County Code Chapter 24A (Chapter 24A), the Somerset Historic District Guidelines (Guidelines), and the Secretary of the Interior’s Standards for Rehabilitation (Standards). The pertinent
information in these documents is outlined below.

**Montgomery County Code; Chapter 24A-8**

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

1. The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

6. In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

(c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

**Somerset Historic District Guidelines**

- Other important features which create and enhance the historic character of the Somerset community include: the spacing and rhythm of buildings, the uniform scale of existing houses, the relationship of houses to the street, the ample size lots and patterns of open space in the neighborhood, the mature trees and landscaping, and the grid system of streets with clearly defined streetscapes. These elements should be retained and preserved as the area continues to grow and develop.

**Secretary of Interior’s Standards for Rehabilitation**

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
STAFF DISCUSSION:

The applicant has made the following revisions to their proposal, in response to the Commission’s comments at the August 15, 2018 preliminary consultation:

- The overall width of the pedestrian access has been reduced, going from 12’-9” (outer wall edge to outer wall edge) to approximately 10’-9”.
- The width of the pad has been reduced accordingly, going from just over 8’ wide to just over 6’ wide.
- The design of the pedestrian access has been simplified, with the pivoting gate removed from the proposal and the number of pavers reduced from three-wide to one-wide.
- The proposed pavers will be 3’ wide, whereas the previously proposed pavers (in their three-wide arrangement) had an overall width of approximately 6.5’.
- The applicant has shown the proposed walkway from the pedestrian access to the house, demonstrating a consistent design by continuing the single 3’ wide pavers.

Staff finds that the applicant has appropriately addressed the concerns expressed by the Commission at the previous preliminary consultation. As revised, the proposed pedestrian access is compatible with the subject property and surrounding streetscape. The proposal will not remove character-defining features of the subject property, in accordance with Standard #2.

After full and fair consideration of the applicant’s submission staff finds the proposal, as modified by the condition, as being consistent with the Criteria for Issuance in Chapter 24A-(b) 1 and 2, having found the proposal is consistent with the Secretary of the Interior’s Standard for Rehabilitation #2.

STAFF RECOMMENDATION

Staff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), (1), (2) & (d) having found that the proposal will not substantially alter the exterior features of the resource and is compatible in character with the resource and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or michael.kyne@montgomeryplanning.org to schedule a follow-up site visit.

Parcel: N/A  

PART ONE: TYPE OF PERMIT, ACTION AND USE

1A. CHECK ALL APPLICABLE:
☐ Construct ☐ Extend ☐ Alter/Renovate ☐ AC ☐ Slab ☐ Room Addition ☐ Porch ☐ Deck ☐ Shed
☐ Move ☐ Install ☐ Wreck/Raze ☐ Solar ☐ Fireplace ☐ Woodburning Stove ☐ Single Family
☐ Revision ☐ Repair ☐ Revocable ☐ Fence/Wall (complete Section 4) ☐ Other:

1B. Construction cost estimate: $40,000

1C. If this is a revision of a previously approved active permit, see Permit #: N/A

PART TWO: COMPLETE FOR NEW CONSTRUCTION AND EXTENSIONS/ADDITIONS

2A. Type of sewage disposal: 01 ☐ WSSC  02 ☐ Septic  03 ☐ Other:

2B. Type of water supply: 01 ☐ WSSC  02 ☐ Well  03 ☐ Other:

PART THREE: COMPLETE ONLY FOR FENCE/RETIING WALL

3A. Height: 3 feet 2 inches

3B. Indicate whether the fence or retaining wall is to be constructed in one of the following locations:
☐ On party line/property line ☐ Entirely on land of owner ☐ On public right of way/assessment

I hereby certify that I have the authority to make the foregoing application, that the application is correct, and that the construction will comply with plans approved by all agencies listed and I hereby acknowledge and accept this to be a condition for the issuance of this permit.

SEE REVERSE SIDE FOR INSTRUCTIONS
THE FOLLOWING ITEMS MUST BE COMPLETED AND THE REQUIRED DOCUMENTS MUST ACCOMPANY THIS APPLICATION.

1. WRITTEN DESCRIPTION OF PROJECT
   a. Description of existing structure(s) and environmental setting, including their historical features and significance:
   
   RECENTLY COMPLETED RENOVATION AND ADDITION TO HISTORIC HOME BUILT IN 1919. PROPERTY INCLUDES A LARGE LAWN FRONTING DORSET AVENUE WITH EXISTING STONE WALL FEATURES AT THE SHARED DRIVEWAY ENTRANCE AND THE SIDE YARD TO THE WEST OF THE HOUSE.

   b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:
   
   THIS WORK IS PART OF A LARGER MASTER PLAN FOR LANDSCAPING THE PROPERTY. THE WORK SEEKING APPROVAL INCLUDES: NEW STONE AND CORTEN STEEL ENTRY WALLS AND GATE (LIGHTING AND LANDSCAPING TO BE COMPLETED AS PART OF THIS WORK OUTSIDE OF APPROVALS).

2. SITE PLAN
   Site and environmental setting, drawn to scale. You may use your plat. Your site plan must include:

   a. the scale, north arrow, and date;

   b. dimensions of all existing and proposed structures; and

   c. site features such as walkways, driveways, fences, ponds, streams, trash dumpsters, mechanical equipment, and landscaping.

3. PLANS AND ELEVATIONS
   You must submit 2 copies of plans and elevations in a format no larger than 11" x 17". Plans on 8 1/2" x 11" paper are preferred.

   a. Schematic construction plans, with marked dimensions, indicating location, size and general type of walls, window and door openings, and other fixed features of both the existing structure(s) and the proposed work.

   b. Elevations (facades), with marked dimensions, clearly indicating proposed work in relation to existing construction and, when appropriate, context. All materials and fixtures proposed for the exterior must be noted on the elevations drawings. An existing and a proposed elevation drawing of each facade affected by the proposed work is required.

4. MATERIALS SPECIFICATIONS
   General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your design drawings.

5. PHOTOGRAPHS
   a. Clearly labeled photograpic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the front of photographs.

   b. Clearly label photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on the front of photographs.

6. TREE SURVEY
   If you are proposing construction adjacent to or within the dripline of any tree 6" or larger in diameter (at approximately 4 feet above the ground), you must file an accurate tree survey identifying the size, location, and species of each tree of at least that dimension.

7. ADDRESSES OF ADJACENT AND CONFRONTING PROPERTY OWNERS
   For all projects, provide an accurate list of adjacent and confronting property owners (not tenants), including names, addresses, and zip codes. This list should include the owners of all lots or parcels which adjoin the parcel in question, as well as the owner(s) of lot(s) or parcel(s) which lie directly across the street/highway from the parcel in question.

PLEASE PRINT (IN BLUE OR BLACK INK) OR TYPE THIS INFORMATION ON THE FOLLOWING PAGE.
PLEASE STAY WITHIN THE GUIDES OF THE TEMPLATE, AS THIS WILL BE PHOTOCOPIED DIRECTLY ONTO MAILING LABELS.
The property shown hereon is not within Zone A-Special Flood Hazard Area per F.E.M.A. Flood Insurance Rate Maps.

SURVEYOR'S CERTIFICATES:

I hereby certify that the position of the existing improvements on the above described property has been carefully established by a transit - tape survey and that unless otherwise shown, there are no visible encroachments.

DATE: 30th May 2014

I hereby certify that I have carefully surveyed the property as shown by this plat and that
