EIKER HOUSE (1909) 6812 Connecticut Avenue

)

Among the earliest houses in the Chevy Chase Land Company's Section 4 is the Eiker House. First resident James McK. Eiker was described in a 1910 directory as a butter merchant. The Eiker House represents a continuity with the fine turn-of-the-century residences that line Connecticut Avenue from the Land Company's Section 2 to the south up to Section 4, north of Bradley Lane. The original detailing of the Colonial Revival house is intact, with a wide wrap-around porch and classically-inspired doorway with sidelights and transom.
