Main Street Maryland Program

Main Street Maryland is a comprehensive downtown revitalization program created in 1998 by the Maryland Department of Housing and Community Development.

The program strives to strengthen the economic potential of Maryland’s traditional main streets and neighborhoods. Using a competitive process, Main Street Maryland selects communities who have made a commitment to succeed and helps them improve the economy, appearance and image of their traditional downtown business districts. To accomplish Main Street goals, the department has partnered with the National Trust for Historic Preservation’s National Main Street Center, which developed the Main Street Four Point Approach for commercial revitalization, and since 2008, Main Street Maryland programs have also incorporate a Fifth Point: Clean, Safe, and Green.

This approach emphasizes the importance of working simultaneously in the following areas:

- DESIGN: Enhancing the physical appearance of the commercial district by rehabilitating historic buildings, encouraging supportive new construction, developing sensitive design management systems, and long-term planning
- ORGANIZATION: Building consensus and cooperation among the many groups and individuals who have a role in the revitalization process
- PROMOTION: Marketing the traditional commercial district's assets to customers, potential investors, new businesses, local citizens and visitors
- ECONOMIC RESTRUCTURING: Strengthening the district's existing economic base while finding ways to expand it to meet new opportunities and challenges from outlying development
• CLEAN, SAFE, and GREEN: Enhancing the perception of a neighborhood through the principles of Smart Growth and sustainability
