Design Guidelines - Farm Women’s Market Civic Green

Farm Women’s Market Civic Green
This Civic Green is envisioned as a green open space next to the Montgomery Farm Women’s Cooperative Market, which is a longstanding community landmark in the historic heart of Bethesda. This space terminates the view along Bethesda Avenue and would act as both a destination and a local gathering spot, providing a space for market customers to shop, eat and relax. It serves as an extension of Elm Street Park and the proposed Eastern Greenway. All improvements to the market site will be reviewed through the Historic Preservation Commission as the site is listed in the Master Plan for historic preservation.
