PROJECT DESCRIPTION

SIGNIFICANCE: Primary Resource to the Brookeville Historic District
STYLE: Vernacular
DATE: c.1820s

PROPOSAL

This proposal is for approval of a fenced enclosure for a portable toilet in the parking lot to the rear of the Brookeville Schoolhouse. In order to accommodate an ADA-compliant portable toilet, the dimensions of the enclosure are approximately 48 square feet (6' x 8'). The enclosure will be constructed of prefabricated cedar panels with a board-on-board design per the attached application. There will be a wooden gate as part of the enclosure to allow for access, cleaning, and security when the facility is not in use. The toilet and fencing are located within the existing gravel parking lot at the farthest practical location from the Schoolhouse.

APPLICABLE GUIDELINES

The use of the expedited review form is supported by the fifteenth item on the Policy on Use of Expedited Staff Reports for Simple HAWP Cases:

10. Construction of fences that are compatible with historic site or district in terms of material, height, location, and design. Requests for fences higher than 48" to be located in the front yard of a property will not be reviewed using an Expedited Staff Report.

Montgomery County Code; Chapter 24A-8

- (b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

- (1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or
- (2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter;
- (d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

Secretary of the Interior's Standards for Rehabilitation

- 2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, space and spatial relationships that characterize a property will be avoided.

STAFF RECOMMENDATION

Staff recommends that the Commission **approve** the HAWP application under the Criteria for Issuance in *Chapter 24A-8(b)(1), (2), and (d)*, having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the site, and the purposes of *Chapter 24A*; and with the Standard 2 of the *Secretary of the Interior's Standards for Rehabilitation*,

and with the general condition that the applicant shall present the **3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping** prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff's discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make **any alterations** to the approved plans. 1. WRITTEN DESCRIPTION OF PROJECT

- a) The Brookeville Schoolhouse is a restored, one-room schoolhouse located on North Street, in the Town of Brookeville Historic District. It was built in the early 1800's and operated as a public school until the 1920's. In 1926 it was sold and converted into a residence and remained as such, with a long period of deterioration until it was deeded to the Town of Brookeville in 1997. Restoration was complete in 2005 and the project won a Montgomery County award for historic preservation. The Schoolhouse is now functioning as a one room schoolhouse museum and is open each year for Heritage Days as well as other special occasions.

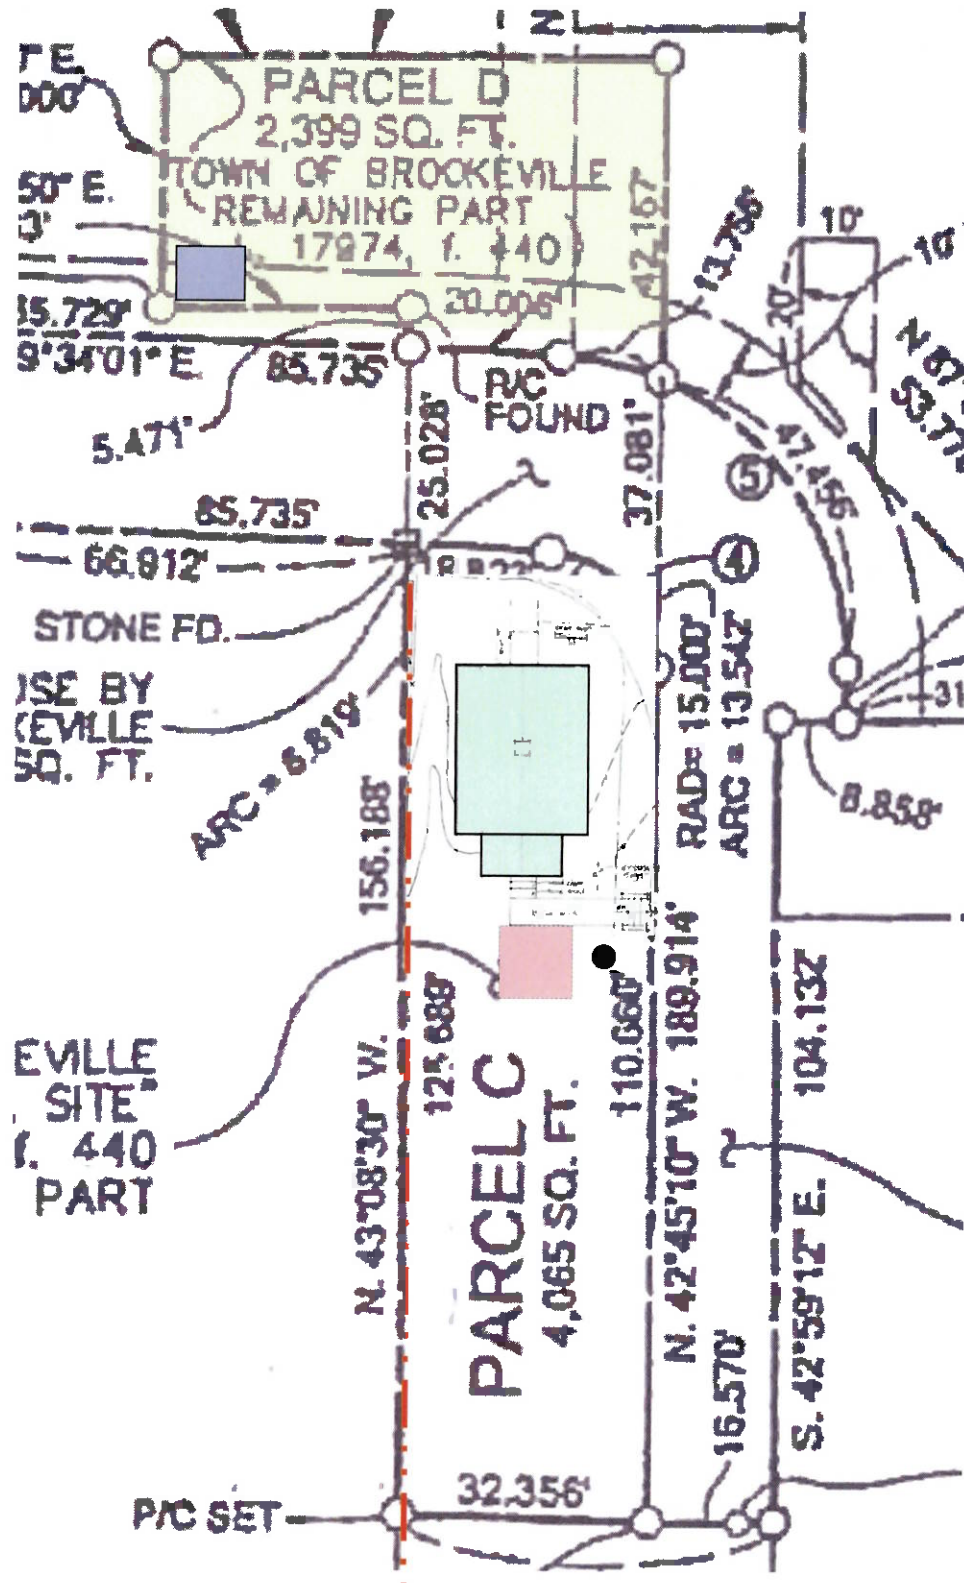

- b) This project includes a fenced enclosure for a portable toilet in the parking lot across from the Brookeville Schoolhouse. In order to accommodate an ADA-compliant portable toilet, the overall dimensions of the enclosure is 6' front and rear with 8' sides. The enclosure will be placed at the far west side of the parking lot, with the south side located approximately 45' north of the Schoolhouse and the front side located approximately 12' to the west of the Schoolhouse.
