Review: HAWP
Public Notice: 8/28/2019

Case Number: 37/03-19LL

Applicant: Alison Shelton

Proposal: Tree Removal

STAFF RECOMMENDATION:

☐ Approve with conditions

PROJECT DESCRIPTION

SIGNIFICANCE: Contributing Resource to the Takoma Park Historic District
STYLE: Craftsman
DATE: c.1913

Figure 1: 7400 Baltimore is a wedge-shaped lot at the intersection of Baltimore and Albany Aves.
PROPOSAL

The applicant proposes removing a 15” (fifteen inch) d.b.h. black cherry tree from the rear of the lot, near the northeastern corner. The tree is adjacent to a concrete patio in the rear yard and is leaning over the neighbors’ property. The applicant indicates tree roots are causing some damage to the existing patio and adjacent fence. Staff finds that the tree canopy on this lot is well established and the loss of this tree will not adversely impact the character of the property or surrounding district. Additionally, the applicant is required by the City of Takoma Park Arborist to either plant an additional tree or pay a fee in lieu of planting to the city’s tree planting fund. The applicant has indicated her desire to plant a tree elsewhere on the property.

Staff recommends approval of this HAWP.

APPLICABLE GUIDELINES

The use of the expedited review form is supported by the two items on the Policy on Use of Expedited Staff Reports for Simple HAWP Cases:

2. Modifications to a property, which do not significantly alter its visual character
5. Landscaping, or the removal or modification of existing planting, that is compatible with the visual character of the historic site or district.

Montgomery County Code; Chapter 24A-8
   (b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:
      (1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or
      (2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter;

Secretary of the Interior’s Standards for Rehabilitation
   2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, space and spatial relationships that characterize a property will be avoided.

STAFF RECOMMENDATION

Staff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1) and (2) having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the district, the Takoma Park Historic District Design Guidelines, and the purposes of Chapter 24A; and with the Secretary of the Interior’s Standards for Rehabilitation #2;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;
and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.

      - Tree has no notable environmental or historic
        features; in fact it is obstructing a patio

        purchased the house in 2002. Tree is also
        uprooting a large basin with orchids.
   b. General description of project and its effect on the historic resource(s), the environmental setting, and, where applicable, the historic district:

   General description of materials and manufactured items proposed for incorporation in the work of the project. This information may be included on your
   design drawings.

5. PHOTOGRAPHS
   a. Clearly labeled photographic prints of each facade of existing resource, including details of the affected portions. All labels should be placed on the
      front of photograph.
   b. Clearly labeled photographic prints of the resource as viewed from the public right-of-way and of the adjoining properties. All labels should be placed on
      the front of photographs.

Dear Alison M Shelton,

The City of Takoma Park has granted preliminary permit approval for you to remove the 15” d.b.h. Black Cherry tree (1 replant) from the left side of your property.

Preliminary approval means that the City will post your property for a 15 day period beginning 06/24/19 and ending 07/09/19 for public comment. **You will be granted a permit to remove the tree(s) pending the City’s receipt of your signed agreement to adhere to the City’s tree replacement requirements.** Additionally, since your property is located within the Historic District, you are required to receive a HISTORIC AREA WORK PERMIT. To apply for a HAWP, contact Montgomery County Department of Permitting Services at 240-777-3400 or online at: http://permittingservices.montgomerycountymd.gov/dps/building/HistoricAreaWorkPermit.aspx

Please submit both the signed replanting agreement and a copy of your HAWP to Takoma Park Public Works, in order to be issued a tree removal permit.

Dear Alison M Shelton,

In order to receive a permit to remove an urban forest tree within the City of Takoma Park you must agree to replant or contribute an equivalent amount to the City’s Tree Fund as per Section 12.12.100 of the City Code. Replacement trees shall be nursery stock trees with a minimum size of 1 1/2 inches in caliper for deciduous trees, or 10 feet in height for evergreen trees and guaranteed for one (1) year. You are required to provide the City with the species and location(s) where you wish to plant the tree(s), as approval is necessary prior to planting. Tree(s) must be planted within six (6) months of the date this agreement is signed. The City will conduct a site visit to confirm the planting.

Where it is not feasible or desirable to replace trees on site, the replacement requirement may be satisfied by planting trees at another location within the City or by a contribution equivalent to the installed market value of the required replacement trees to the City’s tree planting fund.

The tree replacement requirements based on the City of Takoma Park Tree Ordinance are stated below:

ONE 1 1/2 inch caliper trees:
Category 4 Deciduous

OR

Tree Fund Payment of: $175.00
(Make check payable to City of Takoma Park and return with this letter.)

If no appeals are filed in opposition to your permit request, the permit will be issued after completion of the 15 -day posting period and receipt of this signed tree planting agreement or payment of replacement tree cost. Payment must be made by check to the City of Takoma Park, and submitted to the Public Works Department, 31 Oswego Avenue, Silver Spring, MD 20910.

Sincerely,

Jan van Zutphen
Urban Forest Manager
