AGENDA ITEM #120
April 29, 2018
Resolution No.
Introduced
Adopted

Resolving to: Develop an Equity Policy Framework in County Government

Background

1. Montgomery County is a community with a strong economy and public services that shaped its success and the future. Our strong public services include a strong economy and public service sectors, which attract residents and investors to the region. This has allowed the County to strengthen its economy and social services.

2. Montgomery County is a diverse and welcoming community. No one race or religion is a majority of Montgomery County’s population, which means that the population is foreign born, and the diversity in our strength is key to our continued success as a community.

3. While we embrace our diversity, disparities exist by ethnicity, income, disability, gender, sexual identity, and other factors that can impede our future prosperity. These disparities in education, employment, health, and housing result from institutional and individual biases that undermine opportunities for vital members of our community.

4. Furthermore, the aforementioned disparities can be exacerbated by social and linguistic diversity that increases risks and compound the effects of additional disparities and disadvantages based on our background and our English language proficiency.

5. Eliminating disparities by promoting equity—the fair treatment of individuals and groups—is an essential imperative. The Urban Institute’s “Racial Inequities in Montgomery County, 2011-15” report shows that a more equitable Montgomery County would increase the number of Hispanics, Latinos, African Americans, and Asians with some college education, and would also increase employment and homeownership rates among people of color. A more equitable Montgomery County would enhance opportunities for all residents, thereby improving the economy.
Mission

Action Plan Mission

• Our mission as a Planning Department is to **improve the quality of life in Montgomery County**. In order to provide quality service to the current and future community members, we **must incorporate racial equity and social justice when preparing Master Plans**, use current best practices to analyze adverse impacts on the community, strengthen our partnerships with stakeholders, and continue to address the present-day challenges on a regional scale.
Action Items

1. Equity Lens/Tool
2. Equity Opportunity Index
3. Community Equity Emphasis Areas
4. Racial Equity & Social Justice Timeline
5. Staff Equity Trainings
6. Continued Research and Data Collection
7. Community Engagement Strategy
8. Equity Peer Review Group
9. Other Departmental Equity in Planning Work
1. Equity Lens/Tool

• RESEARCH:
  • GENERAL PLAN HEALTH & EQUITY COMMITTEE
  • COUNTY EQUITY RESOURCES / INITIATIVES
  • HEALTHY MONTGOMERY CHIP
  • APA PLANNING FOR EQUITY POLICY GUIDE
  • APA HEALTHY COMMUNITIES GUIDE
  • CASE STUDIES (BALTIMORE, SEATTLE, COLORADO, RHODE ISLAND)
Questions that address these issues to be used throughout the scope, existing conditions analysis, community engagement, and development of the plan and recommendations.
EQUITY

PLANNING WITH AN EQUITY LENS: BUILDING AN EQUITY TOOL

What historic advantages or disadvantages have affected residents in this community?
EQUITY

PLANNING WITH AN EQUITY LENS: BUILDING AN EQUITY TOOL

How are residents who have been historically excluded from planning processes being authentically included in this effort?
Does the current distribution of civic resources and investment contribute to disparate outcomes for different groups? How can this be changed?
EQUITY

PLANNING WITH AN EQUITY LENS: BUILDING AN EQUITY TOOL

Do the current policies/projects help or hinder the equitable distribution of civic resources, LULUs, and capital investments for future generations? How can we address this to provide for a more equitable future?
2. Develop an Equity Opportunity Index

- Led by research and special projects
- Build on equity work from the General Plan
- Determine how to bring racial equity and social justice considerations into the master planning process and develop methods to facilitate these considerations.
- Establish methods for benchmarking equity and measuring outcomes in local plans and countywide.
3. Community Equity Emphasis Areas (CEEA)

- Develop a model to identify Community Equity Emphasis Areas for analysis of racial equity and social justice issues
- A guide for the Parks Department to prioritize CIP projects
- Map of CEEAs and the accompanying demographic characteristics will be available for master plan analysis of local issues
- Analysis of CEEA’s access to opportunity and resources, for example employment, transportation, education, social determinants of healthy communities, and government services
- The CEEAs provide a stopgap equity analysis until the more robust Equity Opportunity Index is completed
4. Racial Equity & Social Justice Timeline

- Historical timeline documenting important events pertaining to racial equity and social justice for Montgomery County
- Highlight impacts of previous planning efforts to learn from the past and prevent repeating mistakes in the future.
- Include in all Master Plans as it relates to History and Context and the historic advantages or disadvantages that have affected residents in the community.
5. Conduct Staff Equity Trainings

5. Conduct Staff Equity Trainings

**Outcome No. 1:** Learn and Understand

**Outcome No. 2:** Develop Tools to Overcome

**Outcome No. 3:** Create Partnerships - Building Relationships and Empowering the Community
6. Continued Research and Data

- The hard and soft data produced from regional studies and reports will be carefully analyzed.
- Our findings will be incorporated into our master plans to track equitable progress:
  - Demographic, housing, and economic checklist for each plan or study. This should be completed before the communications strategy is finalized.
  - Staff training on how to analyze hard and soft data through an equity lens.
7. Community Engagement Strategy

• A joint effort by Communications and Planning staff creates an overarching approach and devises methods tailored to the specific master or functional plan.

• Reference the Community Engagement Policies and Actions identified in the draft 2050 Thrive for guidance.

• The **Equity Peer Review group** could be used as a resource to Staff when reviewing presentations to the public and marketing materials in similar format as the Development Review Peer Review. Staff from the Equity in Planning work group could rotate their review cycles.
8. Equity Peer Review Group

• Their purpose is to provide feedback on staff recommendations, planning policies, and community engagement strategies.

• Includes (at a minimum) a Master Plan Supervisor, a Transportation Planner with Vision Zero County-wide initiative experience, an Environmental Planner, and members from our Legal, Historic Preservation and Research & Special Projects Divisions.

• Representatives will be active participants in equity trainings to ensure the continuation of best practices on a national and local scale.
Other Department-wide Research
