Address: 9900 Capitol View Ave., Silver Spring
Meeting Date: 9/23/2020

Resource: 1936+ (Nominal)
Capitol View Park Historic District
Report Date: 9/16/2020

Applicant: Jim Fustero
Public Notice: 9/9/2020

Review: HAWP
Tax Credit: n/a

Case Number: 31/07-20H
Staff: Dan Bruechert

PROPOSAL: Rear door and accessory structure alterations

STAFF RECOMMENDATION

✓ Approve

☐ Approve with conditions

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Nominal (1936+) Resource to the Capitol View Park Historic District
STYLE: Colonial Revival
DATE: 1944

PROPOSAL

The applicants propose to install a rear storm door where there is no existing storm door and to install windows in the existing shed. The non-historic shed in the rear yard has triple-track storm windows, but never had permanent windows installed.
These changes will not affect historic features and will not be visible from the public right-of-way.

**APPLICABLE GUIDELINES**

**Policy On Use of Expedited Staff Reports for Simple HAWP Cases**

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.

9. Installation of exterior storm windows or doors that are compatible with the historic site or district in terms of material or design.

**Montgomery County Code; Chapter 24A-8**

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to ensure conformity with the purposes and requirements of this chapter, if it finds that:

(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59)

**Secretary of Interior’s Standards for Rehabilitation**

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The relevant Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.

10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

**STAFF RECOMMENDATION**

Staff recommends that the Commission **approve** the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1), (2), and (d), having found that the proposal will not substantially alter the exterior features of the historic resources and is compatible in character with the district and the purposes of Chapter 24A;

and with the **Secretary of the Interior’s Standards for Rehabilitation #2, 9, and 10**;

and with the general condition that the applicant shall present the **3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping** prior to
submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.
