PROPOSAL: Fence Installation

STAFF RECOMMENDATION

☐ Approve  
☑ Approve with conditions

1. Staff will not issue the approval documents until it has verified MHT’s Easement Committee has reviewed and approved the proposal.

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Outstanding Resource to the Takoma Park Historic District
STYLE: Queen Anne
DATE: c.1890

Fig. 1: 7212 Cedar Ave. is a deep, irregular lot.
**PROPOSAL**

The applicant proposes to install a 4’ (four foot) tall wood paddock fence along the rear of the property. Two gates will be installed on the fence.

![Figure 2: A precedent image of the proposed fence.](image)

**APPLICABLE GUIDELINES**

**Policy On Use of Expedited Staff Reports for Simple HAWP Cases**

IV. The Expedited Staff Report format may be used on the following type of cases:

1. Alterations to properties on which the Maryland Historical Trust (MHT) holds an easement and which have been reviewed and approved by the MHT Easement Committee.
2. Modifications to a property, which do not significantly alter its visual character.
10. Construction of fences that are compatible with historic site or district in terms of material, height, location, and design. Requests for fences higher than 48” to be located in the front yard of a property will not be reviewed using an Expedited Staff Report.

**Montgomery County Code; Chapter 24A-8**

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to ensure conformity with the purposes and requirements of this chapter, if it finds that:
The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

**Secretary of Interior’s Standards for Rehabilitation**

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The relevant Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.

10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

**STAFF RECOMMENDATION**

Staff recommends that the Commission approve with one condition the HAWP application

1. Staff will not issue the approval documents until it has verified MHT’s Easement Committee has reviewed and approved the proposal;

under the Criteria for Issuance in Chapter 24A-8(b)(1), (2), and (d), having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation #2, 9, and 10;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.

1. Agreement. This Contract constitutes the entire agreement between Builders Fence Company ("Contractor") and Customer and supersedes all prior discussions, proposals or agreements by and between the parties. Modifications to the terms of this Contract shall only be enforceable if in writing, signed by both parties. Changes to the Construction Specifications and/or price after execution of this Contract shall require a written change order signed by both parties, except as expressly provided for herein. Customer represents and warrants that he/she/they are the owners of the real property identified on the front page of this Contract, upon which the Project will be constructed, and that they are authorized to enter into this Contract for the improvements described herein.

2. Cancellation. Either party may cancel this Contract without charge or obligation within seventy-two (72) hours after execution (the "Recision Period") and all amounts paid by Customer to Contractor shall be promptly refunded. No work on the project will begin until after the expiration of the Recision Period. If Customer cancels this Contract after the expiration of the Recision Period but before construction begins, Customer shall pay to Contractor a cancellation fee equal to thirty percent (30%) of the deposit amount plus all costs incurred by Contractor prior to Contractor receiving written notice of cancellation from Customer. The cancellation fee shall be deducted from the deposit. The difference between the cancellation fee and the deposit shall be paid by Customer to Contractor, or the balance of the deposit, if any, shall be returned to Customer, within fourteen (14) days of cancellation. Once work on the Project has begun, this Contract may not be cancelled, and Customer shall be responsible for the Total Price, even if Customer elects not to have the Project completed. The amounts to be paid or retained by Contractor under this Section shall be deemed liquidated damages, to compensate Contractor for the expenses, lost profits and other amounts incurred, and not as a penalty or forfeiture.

3. Site Access, Condition and Restoration. Customer shall provide Contractor with adequate access to the Project site and all utilities needed to complete the Project. Contractor shall be responsible for clearing the entire Project site (including, without limitation, both sides of the proposed fence line, applicable) of all materials, trash, debris and timbers used to back the soil prior to the assumption that no rock, boulder or other obstructions shall be encountered and that the soil will be sufficient quality to allow for normal installation processes to be utilized. Contractor shall be responsible for soil conditions. All dirt and other excavated materials shall be removed from the Project site and Contractor shall be responsible for removing such materials unless otherwise specified herein. Contractor assumes responsibility for damage to any yard features or landscaping that is moved, disturbed or destroyed during the course of construction. Contractor shall have no obligation to repair or replace yard features, or to mow or seed the yard.

4. Fence Location and Property Boundaries. Customer bears sole responsibility for the location of the fence. Contractor is not responsible for determining property lines, boundaries, set-backs or easements and is not responsible for any costs associated with removing or replacing any fence that is deemed to be built outside of the property boundaries.

5. Project Completion and Acceptance. The Project shall be deemed completed upon the Contractor's delivery of a Completion and Acceptance Notice which is attached to the Invoice. The Project shall be deemed completed by Contractor and accepted by Customer, unless, within five (5) days after delivery of Completion and Acceptance Notice, Customer notifies Contractor in writing of Customer's non-acceptance and the reasons for such non-acceptance.

6. Permits and Approvals. Customer shall be responsible for applying for and obtaining any and all required county or other local government permits, approvals and inspections, Home Owners Association approvals, copies of plat, and signed documents required for permits and other applications, except for any permits, approvals and inspections that are required by law to be requested by or in the name of Contractor or as otherwise specifically provided for herein.

7. Locating of Utilities. Contractor shall be responsible for contacting Miss Utility to identify all participating public underground utilities. Contractor shall be responsible for locating all non-participating public utilities and all private underground utilities and systems, such as piping (including septic systems and lines), gas lines, cable lines, sprinkler systems, lines and components and wiring. Contractor shall not be responsible for any damage to or the cost of repairing utilities or systems which are not properly marked or identified and Customer shall indemnify and hold Contractor harmless for and from any such costs or damages incurred by Contractor or any third-party as a result of such improper marking or identification.

8. Delays. The Estimated Completion Date represents Contractor's best estimate of the time it will take to complete the Project absent any weather delays, interruptions in labor or material supplies, Acts of God, differing site conditions, payment or other defaults by Customer or other unforeseen circumstances. Accordingly, Contractor does not guarantee that the Project will be completed by the Estimated Completion Date, and shall not be responsible for any delays in completing the Project. In addition, the Total Price assumes and is based upon the uninterrupted construction of the Project. In the event the Project is delayed due to the actions, failure to act or defaults of Customer, Contractor shall pay to Contractor all additional costs incurred as a result of such delays, including, without limitation, a trip fee of $150 for each additional trip required to complete the Project.

9. Insurance. Customer shall carry fire, windstorm and other necessary insurance for the property upon which the Project is to be constructed. Contractor will carry workers' compensation and liability insurance.

10. Warranty. Contractor will provide labor at no cost to the original owner for replacement of materials considered defective by the manufacturer under the terms and conditions of the manufacturer's limited warranty for the period of one (1) year. Contractor's warranty is warranted against defects for one (1) year from the date of completion of the Project (the " Warranty Period"), which warranty is expressly conditioned on Contractor's nameplate remaining on the structure and Customer properly maintaining the structure for the full Warranty Period. The materials utilized in the construction of the Project are subject to the applicable manufacturer's warranty, if any, and are not warranted by Contractor. Moreover, Customer has been advised and understands that wood is a natural product and, as such, shrinking, warping, cupping and cracking or checking is normal and to be expected with proper maintenance. Such conditions are not covered by Contractor's or manufacturer's warranty. The EXPRESS WARRANTY PROVIDED HEREIN IS THE SOLE AND EXCLUSIVE WARRANTY MADE BY CONTRACTOR TO A MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW. CONTRACTOR EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS AND WARRANTIES OF EVERY KIND, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND FITNESS FOR INTENDED USE. CUSTOMER UNDERSTANDS THAT ANY INK OR STAMP MARKS ON THE MATERIAL ARE FROM THE MILL OR MANUFACTURER AND CONTRACTOR IS NOT RESPONSIBLE FOR THEIR REMOVAL. THIS WARRANTY IS NOT EXTENDED TO OWNER PROVIDED MATERIAL.

11. Remedies and Limitation of Liability. If any of Contractor's workmanship proves defective and Customer provides Contractor with written notice of such defect during the Warranty Period and all other conditions for warranty coverage have been satisfied, Contractor shall repair the Project, which shall be Customer's sole and exclusive remedy. In the event the defect is not due to Contractor's workmanship, but rather due to the failure of the Project materials, it shall be Customer's obligation to secure replacement materials and to pursue all material warranty rights, if any, with the material manufacturer(s). In the event of a warranty repair, the Warranty Period shall not be extended. CONTRACTOR'S OBLIGATION TO REPAIR ANY DEFECTIVE WORKMANSHIP PURSUANT TO THE TERMS OF THIS SECTION, SHALL BE CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR ANY AND ALL LOSSES OR DAMAGES RELATED TO THE CONSTRUCTION OF THE PROJECT AND CONTRACTOR'S OBLIGATIONS AND PERFORMANCE HEREUNDER. CUSTOMER SHALL NOT BE ENTITLED TO ANY OTHER DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, ANY INCIDENTAL, CONSEQUENTIAL OR CONSEQUENTIAL DAMAGES, REGARDLESS OF THE THEORY OF LIABILITY. Under no circumstances shall Contractor's liability hereunder exceed the maximum of (a) the amount of money actually paid by Customer to Contractor, or (b) One Dollar ($1.00).

12. Customer Default. If, for any reason, Customer fails or refuses to pay the Total Price, or any portion thereof, pursuant to the Payment Terms provided herein or to perform any of Customer's other obligations hereunder, Customer shall be in default. In such case, Contractor shall be relieved of any further obligations under the terms of this Contract, and shall be entitled to retain all funds paid to it through the date of such default and to the immediate payment of the balance of the Total Price. All materials used in the construction of the Project shall belong to Contractor until customer pays full payment of the Total Price. Customer defaults upon its payment or other obligations hereunder, in addition to Contractor's other rights under this Contract and Virginia law (including, without limitation, the right to file a mechanics lien). Contractor shall be entitled (a) to remove all materials from Customer's property, in addition to exercising all of its other rights under this Contract and applicable state law, and (b) to recover from Customer all costs, fees and expenses (including all legal fees and costs) incurred by it, whether or not litigation is commenced.

13. Applicable Law; Disputes. The laws and rights and obligations of the parties hereunder shall be governed and resolved exclusively by the laws of the Commonwealth of Virginia. Exclusive jurisdiction over any and all lawsuits or other actions filed to resolve any disputes arising out of or in any way related to this Contract or to enforce any right hereunder shall be in the General District and Circuit Courts of Loudoun County, Virginia, to which jurisdiction the parties hereby consent.

14. Severability. It is the parties' intention and agreement that, should a court of competent jurisdiction determine that any provision or portion of any provision contained in this Contract is unenforceable, invalid or void, that the balance of the Contract or affected provision, as applicable, be enforced to the full extent possible consistent with the parties' intentions as expressed herein.
