**PROPOSAL:** Hardscape alterations, grading, tree removal

**STAFF RECOMMENDATION:**

☑ Approve
☐ Approve with conditions

**ARCHITECTURAL DESCRIPTION:**

**SIGNIFICANCE:** Contributing Resource within the Takoma Park Historic District

**STYLE:** Colonial Revival

**DATE:** c. 1915-25

**Fig. 1: Subject property.**
**PROPOSAL:**

The applicant proposes to regrade a 12.5’ x 18.5’ area at the rear of the subject property to make it level with an adjacent gravel parking pad. The leveled area will be covered with gravel to match the existing. Concrete block retaining walls at a maximum of 2’ high will be installed to hold back the surrounding dirt, if necessary. One 8” dbh American Elm tree at the rear of the property near the gravel parking pad will also be removed. Five (5) less than 6” dbh trees will be removed from the rear of the property as well, but a HAWP is not required for their removal. Two new American Elm trees will be planted at the rear of the property to replace the trees being removed.

**APPLICABLE GUIDELINES:**

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.

11. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas that are not readily visible from a public right-of-way and/or are compatible in material, location, and design with the visual character of the historic site or district.

12. Construction or repair of retaining walls where the new walls are compatible in material, location, design and height with the visual character of the historic site or district.

14. Landscaping, or the removal or modification of existing planting, that is compatible with the visual character of the historic site or district.

Montgomery County Code; Chapter 24A-8

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(3) The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

(4) The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

(5) The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

(6) In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

(c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

(d) In the case of an application for work on an historic resource located within an historic district,
the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district.  (Ord. No. 9-4, § 1; Ord. No. 11-59)

**Secretary of Interior’s Standards for Rehabilitation**

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

**STAFF RECOMMENDATION:**

Staff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), (1), (2) & (d) having found that the proposal is consistent with the Takoma Park Historic District Guidelines, and therefore will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the **Secretary of the Interior’s Standards for Rehabilitation #2 and #9;**

and with the general condition that the applicant shall present the **3 permit sets of drawings, if applicable to Historic Preservation Commission (HPC) staff for review and stamping** prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make **any alterations** to the approved plans.

Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or michael.kyne@montgomeryplanning.org to schedule a follow-up site visit.
APPLICATION FOR
HISTORIC AREA WORK PERMIT
HISTORIC PRESERVATION COMMISSION

Description of Property: Please describe the building and surrounding environment. Include information on significant structures, landscape features, or other significant features of the property:

Single-family home (1926) wired yellow brick, 2-story. Mother-in-law suite (detached) roughly 30 feet from back door. Gravel driveway between mother-in-law suite and house. 12.5' x 18.5' area to the left of mother-in-law suite raised, supported by concrete blocks that serve as retaining wall. Five Green Giant trees we planted there, 3 of 5 are dead from root rot (see photo). Their trunks are < 6" in diameter. There is another tree, an elm tree, with a 8" diameter trunk in that location (see photo).

Description of Work Proposed: Please give an overview of the work to be undertaken:

Propose to level the 12.5' x 18.5' raised area to the same level as the rest of the gravel parking pad. Use retaining walls, as needed, to hold back the soil. Remove 5 (3 dead) <6" diameter trunk Green Giant trees. Remove 1 elm tree (8" diameter trunk) and replant 2 more elm trees in the back yard.

Note: Red text edits by staff and based upon the information provided by the City's arborist.

STATE OF MARYLAND
SECRETARY OF STATE

Expire six months from date.
Carve out dirt here back to property line and back to fence making this area level with existing parking pad. Remove trees as described. Plant 2 more elm trees in the back yard.
Is this good enough not to miss the meeting September 9?

Debra Fuller

Subject: Tree Removal Request :: W005329-082520

RE: Tree Removal Application, Reference # W005329-082520

08/27/2020

Debra Fuller
505 Albany

507 ALBANY
TAKOMA PARK MD 20912

Dear Debra Fuller:

The City of Takoma Park has granted preliminary approval for you to remove the 8” d.b.h. AMERICAN ELM (ULAM) from the BACK LEFT of your property.

Preliminary approval means that the City will post your property for a 15 day period beginning 08/27/2020 and ending 9/11/2020 1:53:05 PM for public comment. A permit to remove the tree(s) will be granted after the comment period is completed and the City receives the signed agreement to adhere to the City's tree replacement requirements. If public comments are received that request an appeal of the removal, a hearing before the Tree Commission will be scheduled to determine if removal can proceed. Additionally, since your property is located within the Historic District, you are required to receive a HISTORIC AREA WORK PERMIT. To apply for a HAWP, contact Montgomery County Department of Permitting Services by phone 301-563-3400, by email MCP-Historic@mncppc-mc.org or online at: https://montgomeryplanning.org/planning/historic/historic-area-work-permits/
Please submit both the signed replanting agreement and a copy of your HAWP to Takoma Park Public Works, in order to be issued a tree removal permit.

The replacement agreement is enclosed, the terms of which require you to replant 1 1 ½” caliper category trees or make a contribution of $175 to the City’s Tree Fund. For reference the tree category list is maintained online here: https://s3.amazonaws.com/publicworks-takomapark/public/arborist/tree-selection-guide.pdf

**TREET WORK DONE FOR HIRE IN THE CITY OF TAKOMA PARK MUST BE CARRIED OUT BY A MARYLAND STATE LICENSED TREE EXPERT (LTE). HIRING SOMEONE WHO IS NOT LICENSED IS A VIOLATION OF CITY AND STATE LAW. MAKE SURE YOUR CONTRACTOR HAS AN LTE NUMBER BEFORE YOU HIRE THEM.**

If you have any questions, please contact the Urban Forest Manager at: UrbanForestManager@TakomaParkMD.gov
