ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource to the Takoma Park Historic District
STYLE: Colonial Revival
DATE: 1932

Figure 1: The subject property is one of several deep narrow lots on the block.
PROPOSAL

The applicant proposes to undertake work in several areas including:

- Enclosing the rear of the property in a 6’ (six foot) wood fence and extend an existing 4’ (four foot) fence along the left (north) property boundary;
- Install a front flagstone walkway, a cobblestone paver driveway apron, and a flagstone walkway and patio in the rear;
- Replace the existing rear deck in matching dimensions and materials, but utilizing new wood and metal railing; and
- Remove two trees: a walnut tree that is growing into the driveway and mulberry tree along the north property boundary in the rear. The HAWP application proposes to remove two additional trees in the rear of the property. These trees are dead and do not require a HAWP for their removal.

Figure 2: The subject property (note: some landscaping work has already begun. This work does not require a HAWP).

APPLICABLE GUIDELINES

Policy On Use of Expedited Staff Reports for Simple HAWP Cases

The Expedited Staff Report format may be used on the following type of cases:
II.E

7. Construction of wooden decks that are at the rear of a structure and are not readily visible from a public right-of-way. This applies to all categories of resources: Outstanding, Contributing, Individually Designated Sites, or Non-contributing.

10. Construction of fences that are compatible with historic site or district in terms of material, height, location, and design. Requests for fences higher than 48” to be located in the front yard of a property will not be reviewed using an Expedited Staff Report.

11. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas that are not readily visible from a public right-of-way and/or are compatible in material, location, and design with the visual character of the historic site or district.

15. Landscaping, or the removal or modification of existing planting, that is compatible with the visual character of the historic site or district.

Montgomery County Code; Chapter 24A-8

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter.

Secretary of the Interior’s Standards for Rehabilitation

2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, space and spatial relationships that characterize a property will be avoided.

STAFF RECOMMENDATION

Saff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1), (6), and (d), having found that the proposal, is consistent with and compatible in character with the purposes of Chapter 24A; The Takoma Park Historic District Design Guidelines; and with the Secretary of the Interior’s Standards for Rehabilitation #2;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.

Rockville, Maryland 20850-4166 Fax 240-777-6398; 240-777-6262; 240-777-6223

From: Planning and Development Services Division

THIS IS NOT A PERMIT – For Informational Purposes Only

VALID FOR ONE YEAR FROM DATE OF ISSUE

The property owner is responsible for obtaining all required permits from Montgomery County and the City of Takoma Park. If this property is in the Takoma Park Historic District, it is subject to Montgomery County Historic Preservation requirements.

Representative/email: msloss@rocusa.org
Location of Project: 7313 Baltimore Avenue, Takoma Park, MD 20912
Proposed Scope of Work: replace existing back deck

The purpose of this municipality letter is to inform you that the City of Takoma Park has regulations and city permit requirements that may apply to your project. This municipality letter serves as notification that, in addition to all Montgomery County requirements, you are required to comply with all City permitting requirements, including:

• Tree Impact Assessment/Tree Protection Plan
• Stormwater management
• City Right of Way

Failure to comply with these requirements could result in the issuance of a Stop Work Order and other administrative actions within the provisions of the law. Details of Takoma Park’s permit requirements are attached on page 2.

The issuance of this letter does not indicate approval of the project nor does it authorize the property owner to proceed with the project. The City retains the right to review and comment on project plans during the Montgomery County review process.
The City of Takoma Park permits for the following issues:

Tree Impact Assessment/Tree Protection Plan/Tree Removal Application:
Construction activities that occur within 50 feet of any urban forest tree (7 5/8” in diameter or greater), located on the property or on an adjacent property, may require a Tree Impact Assessment and Tree Protection Plan. Make sure to submit a Tree Impact Assessment and schedule a site visit with the City's Urban Forest Manager if any urban forest tree will be impacted by the proposed construction. The removal of any urban forest tree will require a tree removal application. The tree ordinance is detailed in the City Code, section 12.12. For permit information check: https://takomaparkmd.gov/services/permits/tree-permits/ The City's Urban Forest Manager can be reached at 301-891-7612 or janvz@takomaparkmd.gov

Stormwater Management:
If you plan to develop or redevelop property, you may be required to provide appropriate stormwater management measures to control or manage runoff, as detailed in City Code section 16.04. All commercial or institutional development in the city must apply for Stormwater Management Permit regardless of the size of the land disturbance. Additions or modifications to existing detached single-family residential properties do not require a Stormwater Management permit if the project does not disturb more than 5,000 square feet of land area. For more information: https://takomaparkmd.gov/government/public-works/stormwater-management-program/. The City Engineer should be contacted to determine if a City permit is required at 301-891-7620.

City Right of Way:
- To place a construction dumpster or storage container temporarily on a City right of way (usually an adjacent road), you will need to obtain a permit. A permit is not required if the dumpster is placed in a privately-owned driveway or parking lot.
- If you plan to install a new driveway apron, or enlarge or replace an existing driveway apron, you need a Driveway Apron Permit.
- If you plan to construct a fence in the City right of way, you need to request a Fence Agreement. If approved, the Agreement will be recorded in the Land Records of Montgomery County.

For more information and applications for City permits, see https://takomaparkmd.gov/services/permits/ or contact the Takoma Park Department of Public Works at 301-891-7633.

Failure to comply with the City’s permitting requirements could result in the issuance of a Stop Work Order and other administrative actions within the provisions of the law.
