PROPOSAL: Rear Alterations

STAFF RECOMMENDATION

✓ Approve

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource within the Takoma Park Historic District
STYLE: Colonial Revival
DATE: c.1910-1920

Figure 1: 7006 Carroll Ave., Takoma Park (note all work is proposed at the rear of the subject property).
PROPOSAL

The applicant proposes constructing a covered, permanent seating area in the rear of the subject property adjacent to the parking lot. The new covered patio will be covered in an asphalt shingled shed roof supported by wood columns with brackets, and a wood railing with screening. Staff finds the design and materials are consistent with the historic resource and surrounding district. Additionally, this work is all proposed for the rear of the resource that, while visible from the right-of-way, has a much lower level of finish than the front. The Takoma Park Façade Advisory Board has reviewed the proposal and recommends HPC approval. The approval memo is attached to the HPC staff report.

APPLICABLE GUIDELINES

Policy On Use of Expedited Staff Reports for Simple HAWP Cases

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.
11. Construction or replacement of walkways, parking areas, patios, driveways or other paved areas that are not readily visible from a public right-of-way and/or are compatible in material, location, and design with the visual character of the historic site or district.

Montgomery County Code; Chapter 24A-8

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to ensure conformity with the purposes and requirements of this chapter, if it finds that:
(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or
(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or
(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59)

Secretary of Interior’s Standards for Rehabilitation

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The relevant Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
I.B

**STAFF RECOMMENDATION**

Staff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1), (2), and (d), having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the *Secretary of the Interior’s Standards for Rehabilitation #2, 9, and 10*;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.

RE: 7006 Carroll Avenue, Takoma Park, Maryland – Olive Lounge canopy

Dear Ms. Heiler,

The Takoma Park Façade Advisory Board met on September 8, 2020 to review the new design proposal for 7006 Carroll Avenue, Takoma Park, Maryland for the canopy on the rear of the building at the entrance of the Olive Lounge, as presented by Chris Hishmeh. The proposal is to be considered by the Historic Preservation Commission.

On September 8, 2020, the Takoma Park Façade Advisory Board passed the following resolution:

The Board voted unanimously to approve the canopy on the rear of the building, at the entrance of Olive Lounge.

Thank you for the efforts of the Commission to preserve the unique architectural character of our historic business district. If you have questions regarding the Board’s action, please call me at 301-891-7205.

Sincerely,

Community Development Manager
