EXPEDITED
MONTGOMERY COUNTY HISTORIC PRESERVATION COMMISSION
STAFF REPORT

Address: 7126 Sycamore Ave., Takoma Park  
Resource: Contributing Resource  
Takoma Park Historic District  
Applicant: Matt Oakes  
Review: HAWP  
Case Number: 37/03-20EEEE  
PROPOSAL: Siding and window replacement

STAFF RECOMMENDATION

☑ Approve
☐ Approve with conditions

ARCHITECTURAL DESCRIPTION

SIGNIFICANCE: Contributing Resource to the Takoma Park Historic District
STYLE: Queen Anne
DATE: c. 1909

Figure 1: 7126 Sycamore Ave.
PROPOSAL

The applicant proposes to remove the existing vinyl siding and vinyl window under the front-facing gable. In place of the existing materials, the applicant proposes to install cedar shingles and a fiberglass, single-lite casement window. Staff finds that this work is generally restorative in nature and that the proposed casement window will not detract from the features of the house or surrounding district.

APPLICABLE GUIDELINES

Policy On Use of Expedited Staff Reports for Simple HAWP Cases

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.
3. Removal of asbestos, asphalt, or other artificial siding when the original siding is to be repaired, and, where necessary, replaced in kind.

Montgomery County Code; Chapter 24A-8

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to ensure conformity with the purposes and requirements of this chapter, if it finds that:
(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or
(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or
(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord.No. 9-4, § 1; Ord.No. 11-59)

Secretary of Interior’s Standards for Rehabilitation

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The relevant Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
STAFF RECOMMENDATION

Staff recommends that the Commission approve the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1), (2), and (d), having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation #2, 9, and 10;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or dan.bruechert@montgomeryplanning.org to schedule a follow-up site visit.
APPLICATION FOR HISTORIC AREA WORK PERMIT
HISTORIC PRESERVATION COMMISSION

Signature of owner or authorized agent

Date 9/23/20
Description of Property: Please describe the building and surrounding environment. Include information on significant structures, landscape features, or other significant features of the property:

House was built in about 1908. Two-story Colonial Revival style. Has a front gable and a one-story hipped roof front porch. House is set on a steep grade sloping to the rear. To the rear of the house set below the main level is a two-story garage. House is on the corner of Columbia and Sycamore avenues across the street from the back of a grocery store (Takoma Food Co-op). Rest of the street is residential.

Description of Work Proposed: Please give an overview of the work to be undertaken:

Replace vinyl siding at the top of the front gable with cedar shingles and replace vinyl attic casement window with fiberglass framed casement window. See diagram below.

- New window replacing old vinyl window
- New Cedar wood shingles replacing old vinyl faux shingles
- Existing vinyl siding will remain
