EXPEDITED
MONTGOMERY COUNTY HISTORIC PRESERVATION COMMISSION
STAFF REPORT

Address: 937 Ellsworth Drive, Silver Spring  
Meeting Date: 5/26/2021

Resource: Master Plan Site #36/7-003A  
Silver Theater and Shopping Center  
Report Date: 5/19/2021

Public Notice: 5/12/2021

Applicant: Gary Brent  
Tax Credit: N/A

Review: HAWP  
Staff: Michael Kyne

Case Number: 950981

Proposal: New sign

STAFF RECOMMENDATION:

☐ Approve
☑ Approve with conditions

1. The red glass band above the storefront must be retained. If portions of the red glass band are in need of repair and/or replacement, the applicant must submit details and specifications to staff and receive approval prior to work commencing.

ARCHITECTURAL DESCRIPTION:

SIGNIFICANCE: Master Plan Site #36/7-003A, Silver Theater and Shopping Center

STYLE: Moderne/Art Deco

DATE: c. 1937-8

Excerpt from Places from the Past:

SILVER THEATRE AND SHOPPING CENTER (1937-8) 36/7-3  
SE Corner of Georgia & Colesville

The Silver Theatre and Shopping Center complex, which opened in 1938, is a rare example of an early planned neighborhood shopping center with parking integrated into the complex. The complex was planned to include all the retail uses required by residents of the surrounding neighborhoods, and to accommodate 50,000 patrons. The Silver Theatre had a seating capacity of 1,100. The complex was one of the first in the region to recognize the importance of and to design for the automobile: parking areas were provided at both the front of the complex and at the rear with a connecting underpass for both cars and pedestrians. Many of the stores had double entrances and could be entered from the front or the rear parking areas. The complex originally included a gas station island, no longer standing.

Architecturally, it reflects a fine example of streamlined Moderne styling with Art Deco detailing, designed by John Eberson, a national theater architect who also designed the Bethesda Theatre (1938). Eberson rejected earlier and more traditional commercial designs in favor of a thoroughly
modern style—streamlined Moderne with Art Deco detailing. Early 20th century streamlining was symbolic of the dynamic industrial and technological advances of the period, and was characterized by sleek mechanical curves and allusions to machines, such as trains and ships. The Silver Theatre, in particular, makes reference to nautical design themes. The Silver Theatre and Shopping Center was built at a time when Montgomery County was experiencing unprecedented growth. The complex was built in response to this development trend and vividly symbolizes the forces that changed and shaped 20th century Montgomery County.

Staff notes that the Maryland Historical Trust (MHT) holds an easement on the subject property. When MHT holds an easement on a property, the HPC typically requires applicants to receive MHT approval prior to submission of a HAWP application. However, under the terms of the easement, sign replacement/installation does not require MHT’s review or approval.

![Fig. 1: Subject building, as marked by the blue star.](image)

**BACKGROUND:**

The HPC previously heard a preliminary consultation for the proposed new sign at the December 2, 2020 HPC meeting (staff notes that the previous application was under the adjacent property address of 8533 Georgia Avenue). At the preliminary consultation, the HPC found the following:

- The red glass/contrasting horizontal band is a character-defining feature, and it should be preserved/remain visible.

**PROPOSAL:**

The applicant proposes to remove three existing, non-historic signs and install two new signs on the subject building.

---

**APPLICABLE GUIDELINES:**

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.

6. Signs that are in conformance with all other County sign regulations.

**Montgomery County Code; Chapter 24A-8**

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

1. The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

6. In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

(c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

**Secretary of Interior’s Standards for Rehabilitation**

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The *Standards* are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

**STAFF RECOMMENDATION:**

Staff recommends that the Commission approve with the one (1) condition specified on Page 1 the HAWP application under the Criteria for Issuance in Chapter 24A-8(b), (1) and (2), having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in
character with the district and the purposes of Chapter 24A;

and with the Secretary of the Interior’s Standards for Rehabilitation #2 and #9;

and with the general condition that the applicant shall present the 3 permit sets of drawings, if applicable to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans.

Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or michael.kyne@montgomeryplanning.org to schedule a follow-up site visit.
APPLICATION FOR
HISTORIC AREA WORK PERMIT
HISTORIC PRESERVATION COMMISSION
301.563.3400

APPLICANT:

Name: Gary Brent
Address: 19187 Foggy Bottom Rd
Daytime Phone: 410-507-0053

E-mail: gary_brent@mgpermits.com
City: Bluemont
Tax Account No.: 

AGENT/CONTACT (if applicable):

Name: 
Address: 
Daytime Phone: 

E-mail: 
City: 
Contractor Registration No.: 

Zip: 

LOCAL OF BUILDING/PREMISE: MIHP # of Historic Property 937 Ellsworth Drive

Is the Property Located within an Historic District? 

Yes/District Name

No/Individual Site Name

Is there an Historic Preservation/Land Trust/Environmental Easement on the Property? If YES, include a map of the easement, and documentation from the Easement Holder supporting this application.

Are other Planning and/or Hearing Examiner Approvals/Reviews Required as part of this Application? (Conditional Use, Variance, Record Plat, etc.) If YES, include information on these reviews as supplemental information.

Building Number: Street:

Town/City: Nearest Cross Street:

Lot: Block: Subdivision: Parcel:

TYPE OF WORK PROPOSED: See the checklist on Page 4 to verify that all supporting items for proposed work are submitted with this application. Incomplete Applications will not be accepted for review. Check all that apply:

- New Construction
- Addition
- Demolition
- Grading/Excavation
- Deck/Porch
- Fence
- Hardscape/Landscape
- Roof
- Shed/Garage/Accessory Structure
- Solar
- Tree removal/planting
- Window/Door
- Other: Sign Installation

I hereby certify that I have the authority to make the foregoing application, that the application is correct and accurate and that the construction will comply with plans reviewed and approved by all necessary agencies and hereby acknowledge and accept this to be a condition for the issuance of this permit.
