ADDRESS: 20101 Wasche Road, Dickerson (HAWP #953187)  
SIGNIFICANCE: Master Plan Site 12/40, Seneca Stone Barn  
STYLE: Stone Barn  
DATE: Late 18th-Early 19th Century
PROPOSAL:
The applicant proposes to install one 5’ high semi-permanent (to be in place for approximately two years) selfie stand/sign at each of the four Master Plan Sites listed above.

APPLICABLE GUIDELINES:

IV. The Expedited Staff Report format may be used on the following type of cases:

2. Modifications to a property, which do not significantly alter its visual character.

6. Signs that are in conformance with all other County sign regulations.

Montgomery County Code; Chapter 24A-8

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

1. The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

2. The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

3. The proposal would enhance or aid in the protection, preservation and public or private utilization of the historic site or historic resource located within an historic district in a manner compatible with the historical, archeological, architectural or cultural value of the historic site or historic district in which an historic resource is located; or

4. The proposal is necessary in order that unsafe conditions or health hazards be remedied; or

5. The proposal is necessary in order that the owner of the subject property not be deprived of reasonable use of the property or suffer undue hardship; or

6. In balancing the interests of the public in preserving the historic site or historic resource located within an historic district, with the interests of the public from the use and benefit of the alternative proposal, the general public welfare is better served by granting the permit.

c) It is not the intent of this chapter to limit new construction, alteration or repairs to any 1 period or architectural style.

Secretary of Interior’s Standards for Rehabilitation

The Secretary of the Interior defines rehabilitation as “the act or process of making possible a compatible use for a property through repair, alterations, and additions while preserving those portions or features, which convey its historical, cultural, or architectural values.” The applicable Standards are as follows:

2. The historic character of a property shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize a property shall be avoided.

9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

**STAFF RECOMMENDATION:**

Staff recommends that the Commission **approve** the HAWP applications under the Criteria for Issuance in Chapter 24A-8(b), (1) and (2), having found that the proposal will not substantially alter the exterior features of the historic resources and is compatible with the purposes of Chapter 24A;

and with the *Secretary of the Interior’s Standards for Rehabilitation* #2, #9, and #10;

and with the general condition that the applicant shall present an electronic set of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at staff’s discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make **any alterations** to the approved plans.

Once the work is completed the applicant will **contact the staff person** assigned to this application at 301-563-3400 or michael.kyne@montgomeryplanning.org to schedule a follow-up site visit.
APPLICATION FOR HISTORIC AREA WORK PERMIT

Description of Property: Please describe the building and surrounding environment. Include information on significant structures, landscape features, or other significant features of the property:

The Seneca Stone Barn, located east of Wasche Road between West Hunter and Martinsburg Roads, is a one-and-one-half story stone structure measuring 22’ 4” x 40’ 8”, set in a large open field. The building material is locally-quarried red Seneca sandstone laid in a cours ed-rubble pattern. The barn is a rare survivor of its form and a unique cultural resource. It probably dates from the first half of the 19th century, built around the same time as a stone farmhouse nearby (now ruined) whose first quarter of the 19th century construction date is based on analysis of the existing foundations and archaeological finds. In the context of Montgomery County, such a substantial, well-built agricultural building was uncommon. Due to cost and convenience, the vast majority of all agricultural buildings were of wooden construction. The Seneca sandstone of which the structure is built was from the nearby quarry on the Potomac River. The stone was readily available, but it still would have been a costly alternative to wood construction. Such an elaborate structure suggests that it may have held something very valuable to its owners.

Description of Work Proposed: Please give an overview of the work to be undertaken:

A small wooden sign is proposed to be located adjacent to an existing interpretive panel near the barn. The sign has a small ledge onto which a phone may be placed such that the owner can have a selfie taken of themselves with the historic barn in the background. The dimensions of the sign have been emailed to the HPO. The sign is semi-permanent with the expectation that it will remain in place for about two years.

Parks Selfie HAWPs narrative

Good morning, Kevin. Montgomery Parks wishes to install selfie stands at locations throughout the park system. Four of these are proposed at designated historic sites:

- **Bussard Farmhouse** (M:22-7) at the Agricultural History Farm Park (18400 Muncaster Road, Derwood 20855)
  - Photo labeled History Farm shows view from proposed selfie stand.
  - Photo labeled Bussard Selfie Sign Location
- **Woodlawn Visitors Center** (M: 28-14; 16501 Norwood Road, Sandy Spring 20860)
  - Photo labeled Woodlawn Selfie Stand
  - Plan labeled Woodlawn Selfie Stand Location
- **Seneca Stone Barn** (M:12-40) at Woodstock Equestrian Special Park (20101 Wasche Road, Dickerson 20842)
  - Proposed location of stand is adjacent to the interpretive sign shown in photo labeled Woodstock Equestrian Park and in aerial view
- **Burnt Mills West/Robert Morse Water Treatment Plant** (M: 33-22; 10701 Columbia Pike, Silver Spring 20901)
  - Plan labeled Robert Morse Selfie Stand

I spoke with Rebecca earlier about how to go about the HAWP process. She asked me to submit separate HAWPs for each address but to then send a single email to the HPO summarizing the project (thus this email). I will be completing the DPS online paperwork today.

The selfie stand mock-up is attached as well as a photo of approximately what the sign will look like. The exact proposed location of each of the signs is also attached in an aerial and/or site plan (I can provide co-ordinates if requested). We have confirmed none of the four locations affects archaeological resources. The signs are semi-permanent in that we expect them to be in place about two years.

Abigail Landis from our PACP Division is in charge of this project. She is cc-ed.

Please let me know if you need anything else. Please let us know if you can place us on the next HPC agenda.

Thank you for your assistance.

Julie
