

**MONTGOMERY COUNTY HISTORIC PRESERVATION COMMISSION**  
**STAFF REPORT**

<b>Address:</b>	6950 Carroll Ave., Takoma Park	<b>Meeting Date:</b>	5/24/2023
<b>Resource:</b>	Outstanding Resource <b>Takoma Park Historic District</b>	<b>Report Date:</b>	5/17/2023
<b>Applicant:</b>	Sangfroid Distillery (Jeff Harner) <b>Christopher Peli, Architect</b>	<b>Public Notice:</b>	5/10/2023
<b>Review:</b>	HAWP	<b>Tax Credit:</b>	<b>Partial</b>
<b>HAWP No.:</b>	1025550	<b>Staff:</b>	Dan Bruechert
<b>Proposal:</b>	Building addition, fenestration alterations, HVAC installation		

**RECOMMENDATION**

Staff recommends the HPC **approve** the HAWP application.

**ARCHITECTURAL DESCRIPTION**

**SIGNIFICANCE:** Outstanding Resource within the Takoma Park Historic District  
**STYLE:** Beaux Arts  
**DATE:** 1927

*Figure 1: The subject property is located at the corner of Carroll and Willow Ave.*

## **BACKGROUND**

The HPC heard a Preliminary Consultation for the proposed new construction, rooftop screening, fenestration alterations, and other items associated with the adaptive reuse of this historic bank into a new distillery and commercial space at the December 7, 2022 HPC meeting.<sup>1</sup> The HPC supported the proposed rehabilitation of the historic bank building. There were two areas of concern raised by the HPC and the staff: one was the degree of visual impact that would occur by relocating the HVAC system from the ground to the roof; the second issue was the proposed materiality and overall appropriateness of the proposed rear addition.

## **PROPOSAL**

The applicant proposes to rehabilitate the building for use as a distillery. Required changes include fenestration alterations, relocating the HVAC system to the roof, and constructing a building addition.

## **APPLICABLE GUIDELINES**

When reviewing alterations and additions for new construction to Outstanding Resources within the Takoma Park Historic District, decisions are guided by the Takoma Park Historic District Design Guidelines (*Guidelines*) and Montgomery County Code Chapter 24A (*Chapter 24A*), and the Secretary of the Interior's Standards for Rehabilitation (*Standards*). As this project is also in one of the two commercial districts in Takoma Park review of the project shall be guided by the *Design Guidelines for Commercial Buildings in the City of Takoma Park, Maryland*.

### ***Takoma Park Historic District Design Guidelines***

There are two very general, broad planning and design concepts which apply to all categories. These are:

The design review emphasis will be restricted to changes that are at all visible from the public right-of-way, irrespective of landscaping or vegetation (it is expected that the majority of new additions will be reviewed for their impact on the overall district), and,

The importance of assuring that additions and other changes to existing structures act to reinforce and continue existing streetscape, landscape, and building patterns rather than to impair the character of the district.

Outstanding Resources have the highest level of architectural and/or historical significance. While they will receive the most detailed level of design review, it is permissible to make sympathetic alterations, changes, and additions. The guiding principles to be utilized by the Historic Preservation Commission are the *Secretary of the Interior's Standards for Rehabilitation*

Specifically, some of the factors to be considered in reviewing HAWPs on Outstanding Resources:

Plans for all alterations should be compatible with the resource's original design; additions, specifically, should be sympathetic to existing architectural character, including massing, height,

---

<sup>1</sup> The Staff Report for the December 7, 2022 Preliminary Consultation is available here: <https://montgomeryplanning.org/wp-content/uploads/2022/12/III.A-6950-Carroll-Avenue-Takoma-Park-Preliminary-Consultation.pdf> and the hearing is available here: [https://mncppc.granicus.com/MediaPlayer.php?publish\\_id=30f2b112-7af0-11ed-9024-0050569183fa](https://mncppc.granicus.com/MediaPlayer.php?publish_id=30f2b112-7af0-11ed-9024-0050569183fa).

setback, and materials

Emphasize placement of major additions to the rear of existing structures so that they are less visible from the public right-of-way

While additions should be compatible, they are not required to be replicative of earlier architectural styles

Preservation of original and distinctive architectural features, such as porches, dormers, decorative details, shutters, etc..is encouraged

Preservation of original windows and doors, particularly those with specific architectural importance, and of original size and shape of openings is encouraged

Preservation of original building materials and use of appropriate, compatible new materials is encouraged

All changes and additions should respect existing environmental settings, landscaping, and patterns of open space

***Montgomery County Code, Chapter 24A Historic Resources Preservation***

(b) The commission shall instruct the director to issue a permit, or issue a permit subject to such conditions as are found to be necessary to insure conformity with the purposes and requirements of this chapter, if it finds that:

(1) The proposal will not substantially alter the exterior features of an historic site or historic resource within an historic district; or

(2) The proposal is compatible in character and nature with the historical, archeological, architectural or cultural features of the historic site or the historic district in which an historic resource is located and would not be detrimental thereto or to the achievement of the purposes of this chapter; or

(d) In the case of an application for work on an historic resource located within an historic district, the commission shall be lenient in its judgment of plans for structures of little historical or design significance or for plans involving new construction, unless such plans would seriously impair the historic or architectural value of surrounding historic resources or would impair the character of the historic district. (Ord. No. 9-4, § 1; Ord. No. 11-59.)

**Secretary of the Interior's Standards for Rehabilitation**

2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, space and spatial relationships that characterize a property will be avoided.
9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.
10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

**STAFF DISCUSSION**

Completed in 1927, the Takoma Park Bank Building is a monumental Beaux Arts building. The building is constructed primarily of brick with a limestone block façade, and it has five large semicircular windows across the front. The building has many architectural details including a parapet wall with dentils decorating the cornice. The frieze has relief moldings at each corner and roundels symmetrically placed at both ends of a sign band with “Takoma Park Bank” carved in it. The elevations that face away from the street (the parking lot to the rear and the alley to the left) have the same two-story steel casement windows found on the front, but are otherwise stripped of all ornamentation. Additionally, the rear and alley elevations have brick exteriors.

The subject property operated as a bank from 1927 until 2021 when Bank of America closed its branch. The bank building has had only minor alterations in its nearly 100-year history. In 2003 the building’s owner constructed an ADA-compliant ramp along the front elevation. That ramp was replaced in 2011 to comply with the updated code. Sometime prior to 2003, the lower half of a window along Willow Ave. was removed to accommodate the installation of an ATM. The ATM has subsequently been removed, however, the opening is still blocked in. Lastly, the bank building has had several signs installed, changing with each tenant. Most recently, Bank of America had internally illuminated signs at the parapet on the Willow Ave. and alley facing elevations. The bank retains its integrity of design and materials.

Figure 2: *The Takoma Park News*, Tuesday, August 18, 1927.

The Takoma Park Bank Building has a single entrance along Carroll Avenue. As a bank, limiting ingress and egress is an integral part of business operation; however, that single entrance will not satisfy code requirements for other contemporary commercial uses. The applicant proposes to convert the building's use from its historic function as a bank to a distillery and tasting room. The two street-facing elevations have stone siding, dentils, and a decorative entablature. The parking lot-facing elevations are architecturally reserved with brick faced-elevations and no cornice or entablature; though the large steel windows on the parking lot elevations match the street-facing elevations.

To accommodate the building's proposed use, the applicant proposes to create a new entrance, relocate the HVAC units from the parking lot to the roof, and construct an addition to the rear. The applicant also proposes to restore the window opening on the Willow Ave. elevation that was blocked to install the

ATM. While the description of this work is in-kind, detailed specifications need to be submitted with the HAWP application to ensure it does not require a HAWP. Restoring this window is an eligible expense for the County Historic Preservation Tax Credit.

### **New Building Entrance**

The applicant proposes to maintain the existing, ADA-compatible, front entrance. However, a single entrance is not sufficient for the needs of the building program or to satisfy current building codes. The applicant proposes to install a new entrance from the parking lot on the north elevation in a location not visible from the public right-of-way. The proposed door will be a solid, painted steel door. Access to the new door will be provided by a sloping ramp with a metal railing, satisfying ADA requirements.

Staff finds the proposed door will only be visible from the parking lot and not visible from the public right-of-way as recommended by the *Design Guidelines*. Additionally, the entrance is proposed for a section of blank wall, so no historic openings will be impacted by the new door. At the Preliminary Consultation, the HPC was supportive of the new opening both in its placement and materials. The ramp and railing were not presented at the Preliminary consultation. Staff finds the proposed ramp and railing along the rear elevation, are freestanding elements that do not detract from the character of the building and could be removed at a future date without destroying historic fabric. Staff recommends the HPC approve the proposed door and ramp under the *Design Guidelines*, 234A-8(b)(2), and Standards 2 and 9.

### **Relocating HVAC System**

The current HVAC units are installed along the rear elevation adjacent to the parking lot. The proposed building program requires an expanded HVAC system. Instead of adding more units adjacent to the parking lot, the applicant proposes to relocate the HVAC system to the roof. Based on the feedback from the HPC at the Preliminary Consultation and in consultation with Staff, the applicant eliminated the metal screening and the access door from the roof to minimize the new mechanical system's visual impact.

The HPC supported relocating the HVAC system to the roof, but encouraged steps to reduce its visibility. Recommendations included limiting the screening to the maximum extent, using a less reflective screening material to avoid drawing a viewer's eye, or constructing a well in the roof to lower the height of the HVAC equipment.

The HPC concurred with Staff's finding that relocating the HVAC system to the roof is appropriate and in fact, should be encouraged as it will reveal more of the historic building and reduce the noise created by the HVAC system. Additionally, the applicant worked with their mechanical engineer to locate the HVAC equipment grouped as close to the middle of the roof as possible to minimize their visibility when viewed from the street level. This does not mean that the mechanical equipment will not be completely invisible from the right-of-way, but its visibility has been substantially reduced from the version presented at the Preliminary Consultation. The applicant submitted a perspective rendering of the building with the proposed rooftop mechanical systems (see drawings identified as HP.09 in the application).

Staff finds the revised proposal, with the equipment grouped in the middle of the roof and the screening removed, is an appropriate solution that will be minimally visible from the public right-of-way and recommends the HPC approve the alterations to the roof under the *Design Guidelines*, 24A-8(b)(1) and (2), and Standard 2 and 9.

### **Building Addition**

In the northwest corner of the historic building, the applicant proposes to construct an addition measuring 33' 6" × 21' 1" (thirty-three feet, six inches wide by twenty-one feet, one inch deep) with 4' 6" (four foot six inch) inset connector. The whole addition comprises 986 ft<sup>2</sup> (nine hundred eighty-six square feet).

The addition is 12' 9" (twelve feet, nine inches) tall, with an additional 10' (ten feet) of perforated metal screening the mechanical systems on the roof. The proposed addition includes a loading dock, mechanical systems for manufacturing, and additional storage space. The addition will access the historic bank building by removing the lower half of one of the historic steel windows (see below).

*Figure 3: Rear of the subject property. The lower half of the window outlined in yellow will be removed to create access from the addition.*

The addition is inset from the historic side wall plane by approximately 1' (one foot) with a 3' (three foot) hyphen-inset and will be partially visible from a very narrow perspective along Carroll Ave. but will be highly visible from Willow Ave. The addition is 12' 9" (twelve feet, nine inches) tall and will have a cast-in-place concrete base. The addition will be sided in Rheinzink metal panels—a titanium zinc panel with a pre-patinated finish (material samples will be distributed at the work session at the May 24, 2023 HPC meeting).<sup>2</sup> At Staff's recommendation, the applicant submitted two siding configurations. The first configuration has panels that are arranged in a horizontal pattern that resembles a stretcher bond brick course (this is shown on drawing labeled HP.15). The second configuration has vertical seams at irregular intervals (on drawing HP.14).<sup>3</sup> On top of the addition, an additional 10' (ten feet) of perforated zinc screening will be installed above the main walls, surrounding the distillery mechanicals above. The addition's total height is 22' 9" (twenty-two feet, nine inches).

Staff finds the addition's proposed location is the preferred location for any addition to this building. It is placed on the less architecturally significant rear elevation, in a location that minimizes its visibility from the right-of-way and enlarges an existing opening to provide access. While it may be preferable to utilize

<sup>2</sup> More information about the addition's proposed cladding material is available here: <https://www.rheinzink.us/products/materials-surfaces/prismo/>.

<sup>3</sup> The vertical seam configuration is consistent with the appearance of the Louisville Library shown here: <https://www.rheinzink.us/reference-projects/louisville-library-louisville-ky/>.

the lower section of the window to the right (west), the interior bank vault prevents expanding that opening. By utilizing the existing opening and not installing additional wall penetrations, Staff finds the addition is a reversible construction that is consistent with Standard 10.

Staff finds the 33' 6" × 29' 6" (thirty-three feet, six inches by twenty-nine feet, six inches) size does not overwhelm the monumental scale of the historic bank building, which is nearly four times wider than the addition. Staff additionally does not find the addition's 22' 9" (twenty-two feet, nine inch) height will visually complete with the bank's 39' 6" (thirty-nine foot, six inch) height. The HPC concurred with this finding at the December 7, 2022 Preliminary Consultation.

Staff encouraged the applicant to identify a siding material that was not highly reflective and would complement the high-style stone and brick Outstanding Resource. By utilizing a less reflective material, a viewer's eye is not drawn to the new construction and the historic bank building continues to retain its primacy. Staff further finds the paneled configuration has the same orientation as the brick bond pattern on the rear elevation but on a larger somewhat abstracted scale. Staff finds a vertically oriented cladding would clash with the historic siding and would not blend as successfully as the proposed panels. Staff finds the proposed zinc siding satisfies those goals and is an appropriate cladding for the proposed addition. Staff finds the horizontal panel configuration is more consistent with the appearance of the historic building's brick siding and is Staff's preferred configuration. But, Staff also finds the vertical panels with seams would be appropriate, as the vertical orientation of the seams mirrors the steel window configuration. Staff recommends the HPC approve both of the proposed siding configurations proposed for the addition, finding they are appropriate under the *Design Guidelines* and Standards 9 and 10. Staff will verify that the final plans reflect one of the two approved configurations.

The applicant provided two colors of metal paneling, green and red. While the HPC does not regulate color - only finish – Staff would like to take this opportunity to recommend the green panels. Staff came to this conclusion after completing a site visit with the material samples and comparing the material's color next to the historic building's stone and brick.

### **STAFF RECOMMENDATION**

Staff recommends that the Historic Preservation Commission (HPC) **approve** the HAWP application under the Criteria for Issuance in Chapter 24A-8(b)(1), (2), and (d), having found that the proposal will not substantially alter the exterior features of the historic resource and is compatible in character with the Takoma Park Historic District and the purposes of Chapter 24A;

and with the *Secretary of the Interior's Standards for Rehabilitation* #2, #9, and #10;

and with the general condition that the applicant shall present an electronic set of drawings, if applicable, to Historic Preservation Commission (HPC) staff for review and stamping prior to submission for the Montgomery County Department of Permitting Services (DPS) building permits;

and with the general condition that final project design details, not specifically delineated by the Commission, shall be approved by HPC staff or brought back to the Commission as a revised HAWP application at Staff's discretion;

and with the general condition that the applicant shall notify the Historic Preservation Staff if they propose to make any alterations to the approved plans. Once the work is completed the applicant will contact the staff person assigned to this application at 301-563-3400 or [dan.bruechert@montgomeryplanning.org](mailto:dan.bruechert@montgomeryplanning.org) to schedule a follow-up site visit.

Description of Property: Please describe the building and surrounding environment. Include information on significant structures, landscape features, or other significant features of the property:

6950 Carroll Ave. was formerly occupied by Bank of America and was purchased at auction by Bruce Levin in 2021. The building stands at the corner of Carroll Ave. and Willow Ave. with two-story traditional arched windows. At the main (and only) entry, with large double doors and a vestibule, there are four small stair treads and an ADA ramp leading in. There is a trim detail around the top of the exterior.

Description of Work Proposed: Please give an overview of the work to be undertaken:

The building has two prominent, street-facing facades. The primary façade on Carroll Avenue shall remain unchanged. The façade on Willow Avenue has had a two-story window altered that eliminated the lower portion. Sangfroid Distilling, an artisan distillery currently based in Hyattsville, is under contract to purchase the property, and proposes to restore this facade to its original design by swapping the window with an identical, double-height window from the rear, parking lot-facing façade. We also propose an addition on the rear of the building to accommodate loading/unloading and to minimize altering the interior of the building to the greatest extent possible. We propose removing inadequate HVAC units on the rear of the building and replacing them with a rooftop unit.

There is an existing graded ramp to the Carroll Ave primary entrance enabling ADA access. This is, however, the only entrance to the building. A second means of egress is required. Additionally, the internal stairs of the building are not to current code (in width, riser height, or tread depth), and do not provide adequate or safe access to the roof. Both existing stairs are open, with the mezzanine stair open to over three stories (which is non-compliant). Our proposal includes a new open stair connecting the Ground, Basement, and Addition splitlevel, and an enclosed stair to connect all three stories and the roof. The new enclosed stair egresses via a discrete door on the inside elevation of 'L' in the building plan and is not seen from any street façade. Emergency stair access to the roof is required for roof top equipment and for First Responder access.

Work Item 1: Restore Willow window and facade

Description of Current Condition:

The original window on Willow Ave. was removed to install ATMs, and the facade was bricked-in once the ATMs were removed.

Proposed Work:

A previous proposal seen by the Historic Preservation Commission (from the current owner) to replace the bottom of the disturbed window (previously used as an ATM) with a new door and sidelight design is useless for distilling purposes. Sangfroid requires a loading capacity that can accommodate a driven fork-lift and hand carts. Loading from the side-door on Willow is both a logistical and aesthetic non-starter, as also pointed out by members of the HPC. Our proposal to move the current half-height window to the rear solves several issues. The owners wish to return the Willow Ave facade to its original grand design and eliminate the bricked-in scar on the most prominent corner of the lot. By installing the half-height window on the rear facade, we are proposing to use the masonry opening below that window for a connection 'link' into the building from a small addition.

Work Item 2: Addition to rear of building

Description of Current Condition:

The NW rear of the building has one half-size arched window and a row of small HVAC units above grade over a window well.

Proposed Work:

Our proposed addition for Loading and Distilling equipment keeps the heavy lifting activities of the process outside of the historic building itself and out of view of neighboring properties. A high-bay loading door with adequate width for forklift operation allows Sangfroid to bring raw materials in and finished product out of the building via the 982 SF addition. FAR and Parking calculations are shown on sheet HP.01 demonstrating compliance of the added building bulk.

Work Item 3: Rooftop HVAC

Description of Current Condition:

The building's HVAC is daisy-chained along the rear of the building facing the parking lot.

Proposed Work:

The building HVAC is inadequate for modern energy code and the proposed use. We propose to replace the existing row of unsightly HVAC condenser units located at grade along the rear/parking facade of the building with an efficient Roof-Top Unit (RTU) capable of providing adequate conditioning to the building. We propose set-backs of a mechanical screen around the modest RTU (12'x7'x7'), of a minimum of 2:1 on the street facades, and 1:1 setback on the non-street facades. The area shown on the Roof Plan is the maximum extents based on those setback criteria, assuming a screen 7'-0" high. Our proposal includes a rooftop area for outdoor distilling equipment on the Addition roof, and ONLY equipment serving the building on the primary roof. This is to not burden the historic structure with equipment specific to the distilling use, only for the purpose of conditioning the structure itself. This will also keep the amount of higher roof mechanical to a minimum.

**Historic Preservation Commission Preliminary Consultation Report**

Address: 6950 Carroll Ave., Takoma Park

Applicant(s): Jeff Harner, Christopher Pelli, Nate Groenedyk

Proposal: Relocate HVAC, New Egress, and Building Addition

Staff Contact: Dan Bruechert

HPC Commissioners Providing Comments: Robert Sutton (Chair), Karen Burditt (Vice-Chair), Jeffrey Hains, Zara Naser, Julie Pelletier, James Doman, and Michael Galway

---

**Recommendations:**

The HPC uniformly supported the aims and proposed rehabilitation of the subject property.

The HPC appreciated the aim of removing significant portions of the exterior conduit and bank lighting.

The HPC unanimously supported the location of the proposed egress.

The HPC identified the roof as the preferred location for the HVAC placement.

- A commissioner recommended considering installing a hatch to access the roof instead of the proposed door.

The primary concerns were related to the visibility of the proposed roof screening and the addition's cladding.

If visible, the rooftop screening could change the character and mass of the building (an Outstanding Resource).  
Comments included:

- Limit the screening to the maximum extent,
- Use a less reflective material, so the screening wouldn't draw the eye (Zinc was mentioned),
- Evaluate the potential of constructing a well in the roof that would screen the mechanicals from the ground, but would also be a reversible treatment.

The HPC supported the placement and size of the addition, but a majority found the proposed material to be inappropriate:

- Most comments focused on a less reflective surface,
- Not all commissioners expressed support for a masonry exterior.

Continue to work with Staff as the design work moves forward and return for a HAWP when the proposal is ready.

Return for an additional preliminary consultation

Return for a HAWP in accordance with the Commission's recommendations or withdraw the application

ARMORY-FIRE-MEN FETE SAT.

Silver Spring Ready For Ritchie, Dedication And Firemen.

PARADE STARTS AT 2

SILVER SPRING, MD., August 17. Plans are practically complete for the biggest day in Silver Spring's history Saturday when the Firemen's Jubilee and dedication of the new armory will take place.

The afternoon activities are scheduled to start at 2 p.m. with a general parade which will form at the street, directly west of the Washington School, proceed south on Georgia ave., in Parkland Drive, northeast to Silver ave., west on Silver ave., to Georgia ave. and north to the state armory in Montgomery ave. The First Infantry, Maryland National Guard, will join the parade on Georgia ave. at the armory at 3:30 p.m. and Silver Spring will be accompanied with the procession to the new armory, where the unit will participate in the elaborate dedication ceremonies, which will follow the firemen's jubilee.

George Albert Ritchie will be the principal speaker at the dedication ceremonies. Officers who will speak are Representative Frederick N. Zolner, Milton A. Rebeck, the commanding general, Maryland National Guard, Colonel D. J. Harvey, commander, First Regiment, Maryland National Guard, B. Horace Ford, president of the Maryland State Firemen's Association and other prominent speakers will address the gathering on behalf of the town. Following the parade a band concert will be held in the armory, which will be held in the evening at the new armory. The dinner will be held in the armory at 8 p.m. and the dancing will be held in the armory at 9 p.m.

Fire Destroys Garage And 3 Auto Trucks

FIRE of unknown origin destroyed six of the garages of the Columbia Brick and Coal Company shortly after midnight Monday. It was discovered by Messrs. Walter and Albin Whitney, housekeepers who were going to the latter's home following an evening spent at Mr. Walter Whitney's home in Hilde street. They noticed the smoke and upon investigation found that the garage was ablaze. Officer Earl Bantz turned in a District Alarm and Mr. Whitney called out the local fire fighters. The blaze was quickly extinguished by the District firemen, who responded promptly, as did the local men to the alarm. The loss, estimated to be around \$10,000, is fully covered by insurance and Messrs. James M. Campbell, treasurer of the Columbia Brick and Coal Co.

Liberty Grove Grange Tournament Won by A. C. Daly

The Liberty Grove Grange held its fourth annual picnic in Liberty Grove on Saturday, August 12. More than 3,500 people witnessed the joyous event. The tournament began promptly at 1 p.m. A. C. Daly of Virginia, riding as "Knight of Shady Oaks," carried off first honors in the "Knight of Shady Oaks" fourth prize second; Arthur Deal, "Knight of Fair View," third; and W. J. Althoff, "Knight of Shady Oaks," fourth. Mr. S. J. Althoff acted as chief marshal. The judges were the Messrs. B. L. Althoff, Gen. Sellers, Commissioner Elroy Shaw, Mrs. Arthur Deal and Miss Emma Snyder. Miss Maudie L. Davis and Mrs. J. L. Althoff served

To Organize Local Business Association

A number of business men of Takoma Park, Md., are developing interest in the organization of a Takoma Park, Md., Chamber of Commerce and a meeting was held last night at the fire house when plans were discussed looking to a booster campaign for Takoma Park. The matter of telephone service and the widening of Carroll ave. were also discussed.

Mrs. Nellie H. C. Taylor, 126 Albany ave., is a guest of her mother, Mrs. L. B. Schaeffer of Fort Wayne, Ind. Mr. and Mrs. William H. Martin, 130 Willow ave., left yesterday for Atlantic City, N. J., where they will stay for two weeks. Mr. and Mrs. M. J. Andrews have moved into their new home, 217 Slog Plankville, West, Takoma Park.

COUNTY FAIR OPENS TUESDAY

75th Annual Exhibit of Montgomery Co. Agricultural Society.

AUGUST 23, 24, 25, 26

During the coming week all but the main necessary work will be completed in Montgomery County—all except what is needed to keep in motion the well-kept plans of the Montgomery County Agricultural Society in celebrating the Seventy-Fifth anniversary of the organization of the institution known far and wide—and locally, as the "Rockville Fair."

The Diamond Jubilee of this venerable institution will open on Tuesday morning and will continue through the week. The fair will be held in the new building on the corner of Carroll and Wilson ave. The fair will be held in the new building on the corner of Carroll and Wilson ave. The fair will be held in the new building on the corner of Carroll and Wilson ave.

Mr. C. L. Gilley, president of the society, has had a fine show well equipped with the latest in machinery and trucks in first-class condition and presents the best program of entertainments and games that has ever been given by the organization.

A beautiful structure, artistic in all departments and one that would do credit to any city or community, has its main entrance on Carroll and Wilson ave. The beautiful structure, artistic in all departments and one that would do credit to any city or community, has its main entrance on Carroll and Wilson ave.

Special entertainment features have been engaged to amuse the great throngs that are expected to be on hand this year, and, of course, as usual, Thursday will be the "Big Day" of the exhibition.

Ample parking space is provided inside the grounds and meals may be had for a nominal price. The Current Community Club will again have a booth and the Social Service League of Montgomery County.

PETITIONS FOR GAS STATIONS

Council Asked to Permit Two Filling Stations in Carroll Ave.

HEARING SEPT. 19TH

Following the filing of two petitions seeking permission to build gasoline stations, one at Carroll & Elm ave. and the other at Carroll and Takoma ave., and hearing petitions read supporting and others in opposition to the requests, Mayor Davis and Council, sitting Monday night in regular monthly public session in the basement of the Presbyterian Church, conferred that a hearing be held on Monday, September 19, the regular meeting date of council, when all interested parties will be heard, for or against the proposal to erect gas stations and operate them. Mr. J. P. McCleary moved to build the gas station at Carroll & Elm ave. and Alexander Sterling and A. Glickman wish to build at Carroll and Takoma ave. J. R. King filed a petition to have 31.36 Acre located at Denmark and Carroll ave., rezoned for business purposes. The petition was sent to the Civic Improvement Committee for appropriate action.

GRACE CHURCH RECTOR LEAVES

Rev. Brown Tenders His Resignation at Meeting On Monday Night.

SILVER SPRING NEWS SILVER SPRING, MD., August 17. Rev. Clyde Brown, rector of Silver Spring Parish, which includes the Episcopal congregation at Woodside and Aspen, tendered his resignation at a meeting of the vestry of the parish, held in the Parish Hall of Grace Episcopal Church Monday evening. Rev. Brown's resignation, which will become effective October 15, was entirely unexpected. He will remain the pastor of the Hyattsville Episcopal Church. Rev. Mr. Brown came here some three years ago, succeeding the late J. Blanning Betham, D. D., and while here made a host of friends.

Mr. and Mrs. W. H. Wilson are planning to leave for a trip to the mountains. Mr. and Mrs. W. H. Wilson are planning to leave for a trip to the mountains.

St. Mary's Church, Aspen, Chicken Dinner

In commemoration of the opening of the new parish hall of St. Mary's Episcopal Church, Aspen, a chicken dinner will be served from 5 to 8 tonight. This is the annual picnic date of the Aspen folks and is usually well attended. A basket game will start at 4 p.m. Everybody is invited to join the out-county folks in having a good time.

Mr. E. Brooke Perry, 160 Carroll ave., has been contributing vehicles from West Virginia. Mr. R. A. Collier, 246 Maple ave., returned home from Chesapeake Beach where he attended a fishing party. Mr. Harry Dodge and family, 252 Maple ave., returned home Monday evening from Norfolk, making the trip by auto.

Georgia Ave. Subway Plans Are Adopted by the C. of C.

During the early summer the Maryland Public Service Commission passed an order approving the abandonment by the Washington Railway & Electric Company of its single track street railway service between the District Line and Forest Glen. This action was premised upon the action of the State Roads Commission which relieved the W. R. & E. Co. of paying approximately \$300,000 towards the cost of the subway under the B. & O. Railroad at Silver Spring, in return for which the electric company decided to the State Roads Commission the right of way between the District Line and Georgia ave. and North Woodside, where the former street car right of way leaves the state road, and dedicated

**PUBLISHED EVERY FRIDAY**  
 THURSDAY, AUGUST 18, 1927.

**NEW TO THE LINE—LET THE CHIPS FALL WHERE THEY MAY**

The completion and occupancy of the handsome new house of the Takoma Park Bank building is a matter of great moment to the community. The building is a splendid example of pure Colonial type and includes the best that modern thought can bring to the completed structure, embodying as it does every modern device known that makes for efficiency in the conduct of the banking business and every safeguard known to protect the money and other values in the hands of the bank. It is a matter of congratulation to the community, and to the men responsible for the successful conduct of the undertaking it stands as a monument to their ability and of their faith in the future of the community.

The financial institution has grown in ten years to a commanding position in the ranks of the banks of this section and its present strong position is deserving of commendation and praise. To the men responsible for the sane, safe conduct of the business of the bank, theirs is the glory and honor, and satisfaction of knowing that a task has been well done and that they have played their part in the drama.

The News is published today simultaneously with opening of the new bank building.

The Takoma News passes out with this issue and gives you to what is confidently expected to be a larger, better paper. The Maryland News, the first issue of the new paper will appear on Thursday next, and we hope that all of our firm friends will look back by a newspaper that has been a source of great pleasure and satisfaction to us, and we hope to them.

Takoma Park is gaining a better paper, one that will more competently serve the fast growing section covered by The Takoma News. The rapidly developing section requires a larger service and only by organization could that service be rendered. It will be our pleasure to be in "the making" of what we all hope will prove to be the most efficient weekly newspaper published in this section of the country.

Mrs. O. A. Miller and Miss Martha Miller of Monroeville, N. J. are guests this week in the home of Major and Mrs. Frank Moorman, 6005 Fifth st.

Captain and Mrs. Clifford Conroy who formerly lived on High place, but have recently been stationed in Boston, have returned to the Park and taken the residence at 570 24 st. Captain Conroy is with the Signal Corps.

Mrs. Harry K. Hobart and son, Fred, 7304 Chestnut st. are spending some time at Whitwood, N. J. Mr. Hobart joined them for the week end last week.

**GRACE CHURCH RECTOR LEAVES**

(Continued from Page One)

receiving congratulations on the birth of a baby daughter, born Monday.

Mrs. Wm. E. Mather is a patient at Sibley Hospital, and according to reports will remain there for several weeks before she will be sufficiently recovered to return to her home.

Mr. and Mrs. Donald M. Heiser are entertaining a new son, born last Wednesday at Sibley Hospital. Mr. Heiser was formerly Miss Mary Claxton.

Mr. and Mrs. Wm. J. Kelly and children are home after spending a week at Palmont Beach. Mr. Kelly, who is assistant national bank examiner stationed in the Atlanta Ga. district, will remain a few days longer before returning to his employment.

Mrs. Mary A. Harmon returned home recently from Garfield Hospital considerably improved in health.

Mr. and Mrs. E. D. Jones have returned to the Spring after spending several weeks in the mountains near Blount, Va.

O. A. Herriman and children spent Tuesday at Leonardtown, Md.

Miss Sally R. Cissel is spending a few days with friends in Howard County, Md.

Capt. Frank L. Hewitt and son Jimmie played a party of friends in Sibley, Md. Friday for a fishing trip. Capt. Hewitt is authority for the statement that 165 fish, mostly Norfolk spots and trout, were landed from the boat by the Frank Walter method. Jimmie, the youngest member of the party, had the honor of landing the largest fish, a 40 pound trout.

Mr. and Mrs. E. Brooke Lee returned Tuesday much amused from a week's outing at the family's summer home at Newport, Mass.

Miss Virginia Thompson, Virginia Bell and Mildred Lates are leaving Saturday for a week's outing at Camp Kahlert, the YM.C.A. camp for girls on West river, Maryland.

(Readers of this column may continue to leave news items with Mr. Fred L. Lewis at the Silver Spring National Bank. The regular Silver Spring column will continue to be a feature of the Maryland News, successor to The Takoma News.)

Mrs. Katherine Scribner, 4912 6th st., is spending the week end at Cape May before returning home.

Dr. and Mrs. Hayes of Pittsburg, Pa. are guests in the home of their daughter, Mrs. J. V. McNary, 114 Park ave.

Dr. and Mrs. Samuel H. McCrovy and daughters, Misses Dorothy and Ruth Roberts, 611 6th st., left Sunday morning for an auto trip to Maine.

**SANDY SPRING.**

Miss Dorothy Wetherald entertained several tables of ladies in honor of her guests, Mrs. Robert P. Wetherald and Miss Ida Sullivan.

Mr. and Mrs. Kerwin and son of Washington, D. C. visited Mrs. Noelia Pussell this week.

Capt. and Mrs. Pryor Johnson and son of Rantoul, Ill. will be in the neighborhood for several weeks.

Miss Sue Thomas spent the week-end on a house party in Frederick, Md.

Miss North Pussell entertained two tables of bridge Wednesday in honor of Mrs. Kerwin of Washington, D. C.

Those present were Mrs. E. D. Lanza and Mrs. K. F. Ebb of Rockville; Mrs. Kelly of Washington, Mrs. Frances Miller, Mrs. Harshorn, Mrs. P. L. Legoo, Mrs. Wm. J. Thomas and Mrs. P. P. Robben. Mrs. Robben and Mrs. Kerwin sons present.

The August meeting of the Neighbors was held with Mr. and Mrs. M. J. Stabler at "Springfield." After a delicious supper Mr. Stabler read from a 1912 World's Work concerning the problems of Mississippi flood control, which seemed to be the same then as now. After this question were asked followed by adjournment.

Miss Cecelia Thomas, Anna Miller, Edith Hough, Jean Thomas, Katherine Alford and Virginia Janney were entertained at dinner by Miss Chandler Robison in honor of her twelfth birthday anniversary.

Mrs. P. L. Thomas gave a tea Friday afternoon in honor of Mrs. Gill of Ketchikan, Pa. who was the house guest of Mrs. S. B. Wetherald for several days.

Mr. and Mrs. Norman Fissell gave a small dance Saturday evening in honor of Capt. and Mrs. Pryor Johnson.

Mrs. Margaret Stealer gave a luncheon followed by bridge Saturday afternoon at her home "Drayton" to meet Mrs. Norman Davis of Washington, D. C. There were seven tables and prizes were won by Mrs. Wm. J. Thomas, Mrs. P. L. Legoo and Mrs. Ernest Kelly.

Mrs. Katherine Alford gave a party Monday afternoon in honor of her guest, Mrs. Constance of Washington.

Miss Patty Morris of Bethesda spent several days visiting Miss Jean Thomas.

Mrs. Elgar Hallowell and two sons of Chicago are visiting Mrs. J. C. Hines at "Cherryhill."

Miss Margaret Pearson, 2936 9th st., leaves tomorrow with a party for a vacation trip going by boat to Boston, then through New England, Canada to the Thousand Islands and Niagara Falls.

Mr. Courtney Suter, son of Mr. and Mrs. J. Suter, 7312 Blvd rd., continues seriously ill at his home.

**ARMORY-FIREMEN FETE SATURDAY**

(Continued from Page 1)

Ceremonies incident to the dedication of the armory will be held from 6 to 7 o'clock and will be broadcast by radio station W.R.C., and associated stations over special wires from the parade ground.

Other features, some of which will be photographed by the leading motion picture companies, will include water fights between boys of women firefighters; special look-up contest between the lady firemen of Silver Spring and visiting firemen; a check contest for men, with lady judges; a ladies' beauty contest, with male judges, and others. "Miss Washington," according to the committee in charge of the program, will appear on the grounds during the afternoon and evening.

A carnival and dancing will entertain the gathering during the evening and visiting firemen will be served with refreshments by the local department.

In addition to the 40 or more visiting fire departments, which will participate in the program, more than 25 commercial, civic and fraternal organizations will participate in the parade. Music will be furnished by the United States Army Band; The Silver Spring Community Band; The Washington Grove (Md.) Band; the Army Music School Band; and the First Infantry Band of Frederick.

The Montgomery County police force will be augmented by a detail of police from the Washington, department, and as contingents have been considered to handle one of the largest crowds ever assembled in the county.

**PROGRAM AND ORDER OF EVENTS.**

7:00 P. M.—Parade! Woodside School to Parkland Drive, east to Silgo ave., west to Georgia ave., north to Montgomery ave. in New Annapolis.

**ORDER OF MARCH.**

**FIRST MORTGAGE LOANS**  
 Made on Improved Property in  
 North Washington and Suburban Montgomery County  
**FOR 3 TO 5 YEAR PERIODS AT**  
**5 1/2% INTEREST**  
 Ten-year loans at 5 1/2%. No renewal commission during ten-year period. First 3 years 5 1/2% interest payable semi-annually. Last 7 years 5 1/2% payment each 6 months on account of reduction of principal with interest never exceeding 5 1/2%. This reduces principal at least nearly 40% during 10-year term.  
 Fifteen-year loan without a renewal commission. First 3 years 6% interest, payable semi-annually. Remaining 12 years 5% on account of reduction each 6 months with interest at 6% pays less off actively. Interest charge never exceeds 6%.

**NEW \$175,000 TAKOMA PARK BANK BUILDING TO BE FORMALLY OPENED TONIGHT**

(Continued from Page One)  
 will efficient. The safe deposit vaults are in this department also. Meeting rooms are provided in the below street level floor of the bank for both men and women employees. The bank is fireproof throughout and thoroughly protected by an electric wiring system. Nothing has been left undone to make the new home of the Takoma Park Bank the most efficient that man's genius can devise.  
 The Takoma Park Bank, according to its last statement, dated June 30, 1927, had resources amounting to \$2,019,561.15, while deposits as at that time amounted to \$2,062,241.73. The bank was organized in the latter part of 1917 and opened its doors on October 1, 1927, starting in a rear room of the building at 109 Maple St. The deposits for the first day amounted to \$2,370. The financial institution began growing vigorously and in a short time outgrew its quarters and plans were adopted by the directors and officers for the building in Carroll ave. now being

ENTRANCE TO VAULTS AND SAFETY DEPOSIT BOXES.

erected by the bank for its handsome new home. This was in the following year. Again it was found necessary for more additional quarters and an addition was added to the second floor of the bank three years ago. The continued growth of the bank increased the personnel of the staff and it has been necessary to work in crowded quarters for some time. Relief from this condition will be found in the new home of this one of the strongest banking institutions to be found in suburban Washington, and the strongest in Montgomery County.  
 A comparison of the deposits made in the bank during the past 10 years as at August 18 of each year is the best way to show the continued growth of the bank and is given herewith:  
 August 18, 1918... \$ 262,121.80  
 August 18, 1919... 279,806.41  
 August 18, 1920... 322,591.46  
 August 18, 1921... 1,217,807.64  
 August 18, 1922... 1,521,806.48  
 August 18, 1923... 1,717,531.51  
 August 18, 1924... 2,036,116.88  
 August 18, 1925... 2,289,814.56  
 August 18, 1926... 2,314,896.59  
 On August 18 of this year the deposits were \$2,470,990.71.

When the bank was being organized W. Preston Gibson then a resident of Leesville, Va., and a man of considerable banking experience, was chosen as cashier of the infant financial institution. Mr. Gibson has been cashier of the bank from opening day until the present, and much of the growth of the bank is the result of his wise administration, and his knowledge of banking. During the past year he was elected a vice president of the bank and carries that title in addition to being cashier.  
 Former Mayor Henry F. Tagg is president of the bank; he has long been a resident of Takoma Park and is a man identified with all the best movements for the improvement of the city for a better Takoma Park. Mr. Tagg is general manager of the Western Union Telegraph Co. in Washington.  
 David Fellman, also a long time resident of the Park; is a vice president, and conducts the largest retail store in the town and has assisted in the development of many of the sections of Takoma through his activities in real estate.  
 E. Brooke Lee, Speaker of the House of Delegates, is the other vice president of the bank. Maj. Lee has large realty interests in lower Montgomery County, particularly in the vicinity of Silver Spring, and has many other business interests.  
 The officers and the following compose the board of directors of the bank: Dr. Louis D. Bliss, president; Bliss Electrical School; L. E. Borden, manager Washington Branch 570 and Co. partners; James H. Campbell,

treasurer Columbia Brick & Coal Co.; H. H. Colburn, official General Conference, Seventh Day Adventist Church; Edgar V. Collinson, president Northwestem Savings & Loan Assn.; William K. Hill, insurance; P. Blair Lee, vice president North Washington Realty Co. and other business interests; F. J. Miller; Doran S. Platt, realtor; Wilmer G. Pratt, president Takoma Theatre Corporation; H. Edson Rogers, official General Conference, Seventh Day Adventist Church.  
 Assistant cashiers are G. E. Dietz, Ben G. Davis, R. Wele Waters and Gordon Arnett. The other members of the bank personnel handling the busy business of the bank are:  
 Savings teller, Miss Helen Quinlan; receiving and paying teller, Mr. Harold F. Gates; general ledger bookkeeper, Mrs. Louise K. Cook; proof book teller, Miss Alice K. Ayars; bookkeeper, Mr. Louis K. Lynn, Miss

LOBBY OF THE NEW \$175,000 TAKOMA PARK BANK

## Congratulations

¶The business firms, individuals and corporations of Takoma Park, subscribed herein, wish to extend congratulations to the

### Officers and Directors

OF THE

# TAKOMA PARK BANK

At this time when completion of their new banking house is being marked by the formal opening and inspection by the public.

#### THE BUILDING IS A CREDIT TO OUR COMMUNITY

and one of which all the commercial interest and citizens may well feel proud. Such a magnificent structure, modern in every detail, beautiful in design, stands as a monument to the integrity and efficiency of the officers and directors of the Takoma Park Bank, and the faith withal that the community rests in those officers and directors of the financial institution.

Recognizing that a strong bond of community interests must obtain between the business interests, the community and the banks that serve them, and realizing that the condition of such banks reflect the economic status of a community, we feel doubly happy to extend our warmest congratulations to the men of the Takoma Park Bank who have brought the institution to such a high state of efficiency.

The new banking house is one in which we all feel pride and we commend the enterprise of those responsible for the undertaking that brought to Takoma Park the building now to be occupied by the bank as its future home.

**GLENMONT.**  
 The Free Methodist Camp Meeting  
 came to a close on Sunday night after  
 having a very successful meeting. Be-  
 tween 45 and 50 folks were converted.  
 It was said that this meeting was the  
 most successful that has ever been held  
 in this part of the country.  
 While on their way to attend the  
 camp services one morning last week  
 Rev. Miller and family from Alexandria  
 were struck by a large truck on Georgia  
 ave. Their auto was overturned and  
 Mrs. Miller's mother suffered a broken  
 collar bone. The other occupants of  
 the machine escaped injury. The mother  
 was rushed to Walter Reed Hospital  
 where she received aid. The rest of the  
 party motored on to camp.

Mrs. John T. Atwood was given a  
 birthday surprise party at her home on  
 Saturday last week.  
 Mrs. William Kander is getting along  
 nicely after undergoing an operation  
 in a Washington hospital on Wednesday.  
 Capt. of Mrs. Don E. Clarke and  
 friends are spending a week at North  
 Beach.  
 Mr. and Mrs. Lewis Potter and son  
 Royton are attending the Baptist con-  
 vention at Independent Hill, Va.

**HABITS**  
 Life, so it is said, is merely  
 a bundle of habits, more  
 or less loosely tied. Habits  
 make or break us. Success  
 or failure is pretty much  
 a matter of habits.  
 The one big, fine habit  
 is the habit of cleanliness—  
 clean teeth, clean face,  
 clean hands, clean body.  
 Soon as a child is old  
 enough to toddle begin to  
 teach it the habit of clean-  
 liness. Let it know the feel  
 of running water. This  
 habit will make the child  
 healthier, stronger,  
 brighter—better able to  
 wring success from life's  
 happy-scrappy struggle.  
 It takes a beautiful, up-to-date bathroom to grow  
 the big, fine habit. It's money well invested.  
**MILLER, LACEY & CO.**

...annexing 34 feet front feet as the width of the new street paving. This rate is the same levied against other abutting property owners for paving streets and in the 1922 street improvement program. The property levied against at Monday night's meeting include those abutting new laid paving in Albany, Carroll, Elm, Holt and Crestview streets, New York, Takoma and Taylor avenues.

From Across the Silgo.

Edith E. M. Wilson is making a trip west and will stop at Hinsdale, Ill., and Nevada, Iowa. Mrs. Mary Hall was the guest of Mrs. A. F. Kellogg at 209 Flower street, Baltimore, Md. Mr. and Mrs. A. W. Spalding of Dayton, Ohio, who were formerly of this city. Mrs. Dalton, who before her marriage was Miss Alice Pierce, is here on a visit to her mother, Mrs. D. H. Day and her niece, Miss Inez Day of Phoenix, Ariz. Miss Day will remain and enter the college in September. Word has been received of the marriage of Miss Jessie Brown who was English teacher at Washington Preparatory College for a number of years, and Mr. Leonard P. Corbett of Los Angeles, Calif. Mr. Corbett was a student at the college here, but finished his studies at College Place, Washington. Mr. S. A. Jones of the navy department at Washington, D. C. has been on a visit to his family to Niagara Falls this week and will spend next week at North Beach. Mr. A. W. Spalding is assisting at the Junior Boys' Camp, which is located at Lakeview, Mich. Mr. E. R. Nutter and daughter Edith are taking a motor trip to Boston. Mr. and Mrs. Clark Wood who are away in their wedding trip have word of their arrival at the Yellowstone National Park. Mrs. Ella Gardner, Mrs. Hatfield Room and Miss Louise Gardner, all of this city, are spending a few days at North Beach. At a picnic given in their honor at the Miller Cabin, Rock Creek Park, D. C., on Saturday, August 12, Mrs. A. W. Spalding, wife of Prof. and Mrs. C. E. Wenger, were again a welcome to Takoma Park by a number of old friends, former teachers and students of Pacific College College, St. Helena, Calif. Mr. Raymond Finch and Miss Jane Lacey were married August 10 at the home of Prof. J. W. Osborne by Edith M. Wilson. Mrs. A. W. Spalding & Laundry, 2415 1/2 St., N. W., is now in Rock Creek Park. Mr. D. J. Hanson of Lane Road, R. 1, visited his son, Mr. D. J. Hanson of 123 Flower ave., for a few days last week. Mr. Robert H. Price and Miss Edith Ruth Hicks were married in Greenboro, N. C., August 4, the ceremony being performed at the West Market Street M. E. Church. They are opening their honeymoon in Orange Springs, Va. Mrs. Virginia Aker, preceptor at Washington Missionary College is spending her vacation at her home in Highgate, Canada. Miss Virginia Howell is spending her vacation in Georgia. Prof. E. S. Salisbury is making a trip to the Washington, Maryland College dormitory, in the interests of the college. Dr. B. G. Wilkinson of the Bible department of Washington Missionary College is attending camp meetings in several of the southern states. Mrs. Mary Montgomery, matron of the Washington Missionary College dormitory, has returned from the Sanatorium where she underwent an operation. She is making a good recovery.

Department of Public Works STATE ROADS COMMISSION

Notice to Contractors SEALED PROPOSALS for building four sections of State highways, as follows: Montgomery County, Cont. M-25. One section of State highway along the old Georgetown Road north of Bethesda from the end of the present concrete shoulders for a distance of 1.5 miles. (Concrete shoulders.) Montgomery County, Cont. M-24. One section of State highway between Wheaton and Four Corners, a distance of 2.6 miles. (Concrete shoulders.) Montgomery County, Cont. M-29. One section of State highway from Blumstein's Corner to Rockford, for a distance of 1.0 mile. (Concrete shoulders.) Montgomery County, Cont. M-28. One section of State highway along the River Road from Leand's Corner toward Wilson Lane, for a distance of 1.0 mile. (Concrete shoulders.) Bids must be made upon the blank forms which, with specifications and plans, will be furnished by the Commission to each bidder, and cash payment of \$1,000, or better on the 23rd day of August, 1927, at which time and place the bids will be received unless accompanied by a certificate of deposit in the sum of Five Hundred (\$500) Dollars, payable to the State Road Commission. The successful bidder will be required to execute the Act of the General Assembly of Maryland, respecting contracts. The Commission reserves the right to reject any and all bids. BY ORDER of the State Road Commission this 22nd day of August, 1927. JOHN N. MACKALL, Chairman. L. H. Stewart, Secretary.

\$30,000 Bond Sale.

The County Commissioners of Montgomery County, at Rockville, Maryland, will receive sealed bids for the purchase of sixty (60) Five Hundred Dollar (\$500) serial bonds, maturing on the first day of September, 1927, to be used for the improvement of the Rockville and Laurel Roads, up to the hour of 12 o'clock noon on Tuesday, August 23, 1927, at which time and place the bids will be received and the same will be opened in the presence of the County Commissioners and the sale will be made to the highest bidder. Each bid must be accompanied by a certified check in the sum of \$500, or better, to be made payable to the order of the County Commissioners of Montgomery County, at Rockville, Maryland, and to be used for the purpose of the purchase of the bonds. The successful bidder will be required to execute the Act of the General Assembly of Maryland, respecting contracts. The Commission reserves the right to reject any and all bids. BY ORDER of the County Commissioners of Montgomery County, at Rockville, Maryland, this 18th day of August, 1927. BENJAMIN C. PERRY, President of the Board of County Commissioners of Montgomery County, Maryland. BERRY E. CLARK, Clerk.

Bonds For Sale.

The County Commissioners of Montgomery County, at Rockville, Maryland, will receive sealed bids for the purchase of sixty (60) Five Hundred Dollar (\$500) serial bonds, maturing on the first day of September, 1927, to be used for the improvement of the Rockville and Laurel Roads, up to the hour of 12 o'clock noon on Tuesday, August 23, 1927, at which time and place the bids will be received and the same will be opened in the presence of the County Commissioners and the sale will be made to the highest bidder. PERRY, President of the Board of County Commissioners of Montgomery County, Maryland. BERRY E. CLARK, Clerk.

Bonds For Sale.

The County Commissioners of Montgomery County, at Rockville, Maryland, will receive sealed bids for the purchase of sixty (60) Five Hundred Dollar (\$500) serial bonds, maturing on the first day of September, 1927, to be used for the improvement of the Rockville and Laurel Roads, up to the hour of 12 o'clock noon on Tuesday, August 23, 1927, at which time and place the bids will be received and the same will be opened in the presence of the County Commissioners and the sale will be made to the highest bidder. Each bid must be accompanied by a certified check in the sum of \$500, or better, to be made payable to the order of the County Commissioners of Montgomery County, at Rockville, Maryland, and to be used for the purpose of the purchase of the bonds. The successful bidder will be required to execute the Act of the General Assembly of Maryland, respecting contracts. The Commission reserves the right to reject any and all bids. BY ORDER of the County Commissioners of Montgomery County, at Rockville, Maryland, this 18th day of August, 1927. BENJAMIN C. PERRY, President of the Board of County Commissioners of Montgomery County, Maryland. BERRY E. CLARK, Clerk.

FOREST GLEN-LINDEN.

Miss Elizabeth McQueen has returned to her home in Forest Glen after spending several years in California. Miss Edith Barber, who has been working in Honolulu for several years, has returned to her home in Linden. Mrs. J. B. Quince, Forest Glen, who was operated on Tuesday, August 9, at Emergency Hospital, is improving. Mr. Frank Cook, Linden, who has been working for a Baltimore firm, has been transferred to New York. Miss Rose Stubbs, Forest Glen, transferred Miss Kende and Mr. Roy Colter of New Castle, Pa. over the week end. Mrs. De Witt and two children of Frederickburg, Va., are visiting Mr. and Mrs. O. Colver, Forest Glen. Mrs. Gessie and Mrs. Kessler from Florida, and Miss Rose Stubbs of Forest Glen will proceed to Brookbrook Heights this Friday.

TAKOMA LOCAL ITEMS

A deposit of \$300 will be required at the time of the sale. The purchaser shall be bound to pay the balance of the purchase money and all special assessments adjusted to day of sale. HENRY W. OFFUTT, MARTIN R. WEST, Trustees. T. Howard Dockett, Attorney for trustees. 1420 New York ave., Washington, D. C.

Legal Notice.

All persons are hereby warned that the provisions of Chapter 672 of the Acts of the General Assembly of Maryland of 1927, prohibiting the throwing or dumping of trash or other refuse on the lands or property of another without his consent, and prohibiting the throwing or dumping of trash or other refuse, any and all the provisions of said Chapter 672, are in full force and effect. The provisions of section 1 of the above act are as follows: SECTION 1. Be it enacted by the General Assembly of Maryland, That it shall be unlawful for any person to throw, dump, or deposit any trash, junk or other refuse upon any land or property of another, without his written consent first had and obtained by the owner thereof; or under the official direction of such owner; or to throw, dump or deposit any public liability or refuse upon any public highway or street of any County or City of this State. Any person who shall violate any provision of this act shall constitute a misdemeanor and, upon conviction thereof, shall be liable to a fine of not more than \$500, or not more than 90 days imprisonment, or both, at the discretion of the Court. BY ORDER of the Board of County Commissioners of Montgomery County, Maryland. BENJAMIN C. PERRY, BERRY E. CLARK, Clerk.

Dr. and Mrs. Horace W. Whittaker, 6001 1st st., had as their guests last week their nephew and niece, Dr. and Mrs. Alfred H. Whittaker of Detroit, Mich., whose marriage occurred in Paris, France, July 24, when Dr. Whittaker had gone for three months' research work in Europe. At the close of his work he was married to Miss Margaret Evans of Colton, Ohio, who had been in Paris for the past year and a half studying music. Dr. Whittaker's father, Mr. A. W. Whittaker, and his sister from Huntington, W. Va., drove up to meet Dr. Whittaker and his bride and were also guests to the H. W. Whittaker home.

Mr. M. G. Ellis, 217 Willow ave., is expected back from Florida, where he was called recently by the death of his father.

The recently completed improvement to the front of the Glenmont and Bleeker stores, 267-269 Carroll st., add much to the appearance of these properties, and is the work of George O. Tibbitts, general jobbing contractor.

The Takoma Park Printing Shop, 32 Carroll ave., is expected to be ready for business before the end of the current week.

Lt. Walter K. Jones, 138 Carroll ave., left Sunday for Camp Hoop Md., for a two weeks' stay at the R.O.T. Camp.

First and second prizes. Chicken dinners were served until a late hour.

Mrs. J. Krier Brian is doing splendidly after having undergone an operation for the removal of tonsils in a Washington hospital.

On Wednesday evening a birthday party was given at the home of Mrs. Harriet Roby, in honor of her granddaughter, Miss Leticia Wilson. The affair was largely attended by relatives and friends. Among those present were: The Messrs. Carlin and Mary Ella Roby, Eleanor and Catherine Gibson, Emma Snyder, Annie Veltmeyer, Catherine and Marion Harding, Irma, Ethel and Florence Wright, Hilda Mide, Virginia Crevell and Maude W. Johnson. The Messrs. Francis Richardson, Warren Adams, Willard Krubin, Clarence Wright, Harold Harding, Myrtle Myland, Stanley and Russell Winkler, Grace Briggs, Edward and Ernest Miles and Bill Wootton. Miss Wilson was the recipient of many beautiful and useful gifts. Games were enjoyed and delightful refreshments served.

Mr. W. C. Johnson and daughter, had as dinner guests on Sunday Mrs. Edward Keller, Mrs. Isabelle A. Lacy and the Misses Florence Deak and Evelyn Lacy, all of Washington. Miss Catherine Keller of Washington is visiting Mr. and Mrs. J. Keller here.

Mr. Raymond Eick is recovering after having submitted to an operation for appendicitis at the Montgomery County Hospital.

**NASH**  
 Leads the World in Motor Car Value

**3 New Series—New Lower Prices**

**The Finest, Fastest cars in all Nash history**

Greater SPEED than ever before is a keynote characteristic of the new Nash models. They are finer, FASTER cars than any Nash has ever developed. Nash has worked wonders in turning the phenomenal possibilities of the 7-bearing motor into realities. Just drive one of these new Nash models. Their lightning-like pickup, their amazing speed and their unequalled smoothness will give you a distinct new motoring thrill. And they're the EASIEST riding cars you ever traveled in. Each model is equipped with the new Nash secret process alloy steel springs.

These new springs are individually engineered to each model—tailored scientifically to the weight and size of the car. Even the Standard Six Series—priced down to the 4-cylinder field—have these remarkable springs. There are 21 new Nash models for you to inspect. They offer new beauties in body design and rich color harmonies in finish. Come in and see them at once. At the new lower prices Nash has established they offer motor car quality and value without a parallel. Before you buy any car—DRIVE one of the new Nash models.
