Special Meeting Agenda

1. At 4:00pm a quorum was recognized, guests welcomed and the meeting began
2. Presentation by Joseph Moges - MDOT SHA. Joseph's explanation and slide program focused on both short and long term solutions regarding concerns about the intersection of 108 and 650 and nearby Sherwood High School. He stated that the short term fixes should take place in the next few months and will come out of his current budget. Joseph explained further that he had recently presented a long-term project with more extensive reconfiguring/alterations to the Deputy Administrator and is waiting to hear back whether the project has been approved. It would be a 2-to-3-year timeframe if approved. It was unclear as to what will specifically be accomplished in the long term.
3. Adjourn 5:07
